

NINE REVOLT AGAINST SECRET PROCEEDINGS

SENATORS WILL DEFY RULES OF SEN- ATE IN FUTURE DISCUSSIONS

Led by Senator LaFollette, Legislators Openly Revolt Against Proceedings Behind Closed Doors After Executive Session in Which Nomination of Winthrop M. Daniels is Confirmed—Other News of Washington.

FRIDAY IN CONGRESS.

Senate.
Resumed yesterday's recessed session at 1:30 a. m., to consider the nomination of Winthrop M. Daniels of New Jersey for member of the inter-state commerce commission.

W. F. Dillingham of Honolulu, urged the commerce committee to recommend an additional appropriation of \$250,000 to complete harbor improvements at Kahului, Hawaii.

Confirmed nomination of Winthrop M. Daniels as member of inter-state commerce commission by a vote of 36 to 27.

Adjourned at 5:35 p. m., to noon Saturday.

House.
Met at noon.

Debate on the legislative, executive and judicial appropriation bill was resumed. Unanimous consent was secured for a night session next Tuesday to consider private pensions.

Judiciary committee again postponed its recommendations in the case of Representative McDermott who figured in the lobby investigation.

A workman's compensation bill for government employees was agreed upon by the judiciary committee.

Public lands committee continued hearings on the leasing bill for coal, oil and other mineral lands.

Ways and means committee referred Underwood bill to impose a prohibitive tax on tobacco coupons to a sub-committee comprising Representatives Underwood, Garner and Gardner.

Adjourned at 6:10 p. m., to noon Saturday.

Washington, April 3.—Nine members of the senate, headed by Senator LaFollette, openly revolted against proceedings behind closed doors tonight after an executive session in which the senate by a vote of 36 to 27 confirmed the nomination of Winthrop M. Daniels of New Jersey to be a member of the inter-state commerce commission.

Senator LaFollette declared on the floor he proposed to defy the rules of the senate in future and discuss publicly legislation not affecting foreign relations and later it was announced that Senators Bristow, Cummins, Clapp, Kenyon, Norris, Jones and Gronna (Republicans) and Poindexter (Progressive), would maintain the same attitude. The revolt created something of a sensation and there was much speculation as to the effect it would have upon future legislative session. The general opinion was that there would be no attempt to take action against members who disregarded the rule of secrecy. Confirmation of the commissioner Daniels closed a three day fight, marked by one of the bitterest debates heard at the capital in years.

Both sides contested determinedly. Mr. Daniels' advocates having the support of President Wilson's well known desire that his appointee and personal friends be confirmed without delay.

Opponents to the confirmation based their objection on the ground that Mr. Daniels' views on the valuation of public service property were unsound.

The senate voted down a motion to remove the pledge of secrecy as to the session and immediately began consideration of another nomination behind closed doors. Discussion the matter after adjournment Senator LaFollette said:

"I told the senate that I considered it a mistake to have considered the nomination behind closed doors, as I so regarded the consideration behind closed doors of all matters connected with legislation. I served notice that if there was a rule of the senate which prevented me from discussing the matter publicly I could no longer feel myself bound to observe it and was ready to take the consequence of my act."

Many Cities Disappointed.
There was every indication here tonight that the announcement of the reserve districts and cities by the reserve bank organization committee had given the signal for a determined struggle upon the part of several cities which were disappointed to overturn the committee's decision and bring about a re-districting of the country, or at least, a change in the reserve cities named.

Salmon Trap Nets Numerous.
Delegate Wickersham of Alaska told the house territories committee today that unless quick action were taken by the government to prevent ruthless slaughter of salmon in Alaskan waters there would not be

(Continued on page two.)

MAYOR ROBERTS AND FIVE OF HIS ASSOCIATES ARE INDICTED

Are Charged With Conspiring to Hire Persons to Vote More Than Once and to Register Falsely.

Terre Haute, Ind., April 3.—Mayor Donn M. Roberts, on trial here on charges of conspiracy to corrupt elections and five of his political associates were indicted late today on charges of conspiring to hire persons to vote more than once at the last city election and to register falsely. Two indictments were returned against each of the six men.

The new charges against Mayor Roberts were the result of testimony given this week in his trial by witnesses for the state who told of being hired by him to haul repeaters to the voting and registration booths. Two witnesses testified that they had been induced to register more than once, while another witness declared that at Mayor Roberts' direction, a number of repeaters had voted in a local option election in this county.

Besides Mayor Roberts those indicted were: Richard Wernke, prosecuting attorney of Vigo county; Philander Long and Hilton P. Redam, attorneys; Sydney T. Onye, assistant superintendent of police and John E. Nugent, former president of the common council. Each of the men were held under bond of \$10,000 for trial.

In the trial of Mayor Roberts today the state continued to introduce evidence from the registration books showing large numbers of falsely entered names. This line of testimony had not been finished when the court adjourned.

FOUR SURVIVORS OF SCHOONER SIMPSON ARE BROUGHT TO PORT

Tell How They Battled for Six Days to Keep Afloat in a Small Boat, Practically Without Food and Water.

Philadelphia, April 3.—Four survivors of the three masted Schooner Hattie P. Simpson which sank in mid-ocean arrived here today aboard the Battleship Michigan. With them came a tale of how they battled for six days to keep afloat in a small boat practically without food or water. When the schooner went down off Cape Lookout March 21st, Captain Strong and three other members of his crew lost their lives, the four survivors saving themselves by swimming to the small boat which had broken adrift. For six days and nights they battled with high waves and many times their tiny craft was nearly capsized. The only food they had was raw fish and rain water was used to quench their thirst. On March 27th the steamship Caracas, New York to LaGuayra, hove in sight and made the rescue. All the men were exhausted. They were later transferred to the Battleship Michigan which brought them to this port.

QUEBEC TO OPEN NEW DISTRICTS TO LUMBER AND PULP INDUSTRIES

QUEBEC, Apr. 3.—Departing from the rule which it has observed for eight years, the Quebec government has decided to open new districts to the lumber and pulp industries and will auction off limits in the Abitibi and Lake St. John districts during August and October. The concessions will call for the development of the water powers in the district and will carry the obligation to construct pulp mills of a specified capacity within three years. The delay between now and August is to allow opportunity for exploration and permit of advertising the proposed auction, not only in Canada but also in the United States, Great Britain and France, as the government wishes to attract the attention of the foreigners to the great natural resources of the province.

MILITANT SUFFRAGETTES ATTEMPT TO FIRE VACANT SCOTCH MANSION

GLASGOW, Scotland, April 3.—The caretaker of a large vacant mansion near Rutherglen, three miles southeast of Glasgow, today captured a militant suffragette found hiding in a cupboard in the cellar of the mansion. The caretaker took the woman up and telephoned the police, who arrested her. The officers arrived too late, however, to prevent the escape of several other suffragettes in the building who in their hurried flight had left their cloaks behind them.

Search of the mansion disclosed bottles containing petroleum and also cotton, wool and matches and other inflammable material which had been placed evidently with the purpose of starting fires.

SUIT IS COMPROMISED

Louisville, Ky., April 3.—A compromise, by which Mrs. Ellen J. Golden, or Ewald, will receive \$300,000 cash and \$100,000 a year from the \$4,000,000 estate of the late Louisville & Nashville railway "iron master", L. P. Ewald, was agreed upon by opposing counsel today and is expected to end the suit for \$1,750,000 in which the former St. Louis woman has attempted to prove herself the common law widow of the late millionaire.

SECRETARY BRYAN IMPROVES.

Washington, April 3.—Secretary Bryan who was unable to leave his bed today was reported improved tonight. His physician was ordered a few days rest, however, and he is not expected back at his desk until Monday. The secretary's illness was described as a heavy cold which was yielding to treatment.

PREDICTS FEDS WILL ABANDON TAMPICO

FLETCHER THINKS THERE WILL BE NO FIGHT AT THAT PORT

Carranza and Villa Fail to Hold Expected Telegraphic Communication—Market for Constitutional Money Stiffens in El Paso.

BULLETIN.

Juarez, April 3.—General Villa left Torreon this afternoon to take charge of his troops at San Pedro, where they are reported to have brought on an engagement with the federals who evacuated Torreon yesterday. This information was given out officially tonight and it was added that the rebels were attempting an enveloping movement. It was said that the battle was continuing tonight.

Washington, April 3.—Following closely upon the official advice today from George C. Carothers, the American consular agent at Torreon, of the flight of the federal troops from that city came a prediction from Rear Admiral Fletcher that the important gulfport of Tampico probably would be abandoned by the federalists.

Mr. Carothers' report of the fall of Torreon was remarkable for its lack of detail, particularly with reference to the losses sustained on both sides and the movements of the retreating federalists.

Admiral Fletcher's report was received with keen interest. For many months the constitutionalists have been besieging Tampico with a purpose of obtaining possession of a deep water point on the gulf of Mexico. Their first attempt was conducted by General Aguilar, but in that case and in many other attacks that followed the rebels were kept outside of the town limits by the fire of the federal gunboats.

Admiral Fletcher reported that the constitutionalists now have outposts within five miles of Tampico and said the commanding officer at Lazuna Puerto plans to attack the town as soon as 1,000 troops arrive under General Castro, who is working toward the coast on the San Luis railroad.

Admiral Fletcher advised that there are already at Tampico "sufficient naval forces to cope with the situation or with anything apt to arise."

Fail to Hold Conference.

Juarez, Mexico, April 3.—General Carranza and General Villa failed to hold an expected telegraphic conference tonight and the public was left to await official details or read the brief newspaper despatches which were permitted to come through last night. It had been expected that the victory at Torreon would be celebrated informally but a deluge of rain and hail amounting almost to a cloudburst kept the people off the streets.

There was no news given out as to the pursuit of the fleeing federalists to the southward and engagement of minor importance.

Will Appeal for Recognition.

El Paso, Tex., April 3.—The effect of the rebel victory at Torreon was felt here in a stiffening of the market for constitutional money and in the beginning of a movement to organize foreigners owning property in Mexico to appeal to Washington to recognize the Carranza government. The latter idea originated with former Governor George Curry of New Mexico. General Carranza declined to comment on the movement but information of it caused much gratified comment in Juarez.

The movement is said to be significant of a recently prominent sentiment that if the revolution is carried to a complete success the counter revolutions which it has generally been predicted would follow really would not materialize.

In this connection one of the most prominent Americans doing today that the greatest guarantee of peace, which he prophesied would follow Mexican success, lies in the fact that the incomes of rich men formerly able to finance revolts to restore the old regime of special privilege have been depleted in the last four years to an extent which would make it exceedingly difficult for a new insurrection of any proportions to be financed.

Mr. Curry said he was convinced foreign sentiment upheld in the belief that recognition of Huerta being out of the question, the time has come for foreigners to lend such aid to the Carranza revolution as will help it to a speedy conclusion. Telegrams sounding senators and representatives in Washington on the proposed propaganda were dispatched tonight.

"The fall of Torreon puts the dollar mark on Villa and Monclova money," said J. S. Curtis of El Paso, Texas, who is considered the most expert specialist on Mexican constitutional money in the United States.

Denies Fall of Torreon.

Mexico City, April 3.—The government persisted tonight in its denial that Torreon had fallen, characterizing the news as a pure fabrication by rebels. Both minister of war Blanquez and minister of the interior Ignacio Alcocer, maintained that the government was giving itself no concern about the immediate safety of Torreon although admitting they had had no direct communication with the city. Minister Alcocer offered as his proof of his statement a telegram from Luis Comaduran, emigration chief at El Paso, dated April 1st, authorizing

a denial of all stories that Torreon had fallen.

Lind Changes His Plans.

Vera Cruz, April 3.—John Lind, President Wilson's personal representative in Mexico today changed the plans for his departure for the United States. He now expects to leave here next Monday on board the American presidential yacht Mayflower for New Orleans. Norman Lind and Mr. Lind's private secretary, Mrs. McEachern, will remain in Vera Cruz.

MURDERER OF MARY PHAGEN IS KNOWN BY DETECTIVE

William Burns Claims to Have Possession of Facts While Will Free Leo Frank Held for Girl's Death.

Chicago, April 3.—The murderer of Mary Phagan, the young Atlanta girl for whose death, Leo M. Frank is sentenced to hang April 17th, is now known beyond a doubt, according to William J. Burns, the detective, arrived in Chicago and completed his report today after an extensive investigation of the case.

Whether Frank or another is the slayer of the girl, Burns would not say, although he intimated strongly he had found new evidence in the case which would secure a new trial for the condemned man.

"The murderer of Mary Phagan is known to me and he can't get away," said the detective. "I will say that, in my opinion, Frank will not hang on April 17th. I do not believe the supreme court can ignore the evidence we have gathered."

While Burns would not anticipate his report, his investigations, he said, had convinced him Frank was not the sort of man capable of making the attack on the girl which is alleged to have preceded the murder.

The detective said his attention had first been called to the case by a young man from Atlanta who was a passenger on the steamer on which Burns was returning from Europe.

Through him Burns read in the newspapers of the trial and concluded, from the accounts he saw, that Frank was guilty. Later, he said, while he was in Key West, three citizens of Atlanta asked him to undertake the investigation.

At first, Burns refused on the ground that if Frank were guilty his investigation and final conclusion could only hurt the defendant. Frank's friends here declared he had not been given a fair trial and that they believed he was innocent, but if guilty they wanted indisputable evidence of his guilt.

Burns then took the case. The detective interviewed many of the witnesses, he said, and finally became convinced he knew the murderer of the girl.

"There was no mystery about it at all," said he. "The tracks of this murderer were clear and there is no doubt now as to his identity. The story will all clear in a few days. I have made a complete report to Frank's attorneys and it will be made public."

Hearing of the extraordinary motion for a new trial for Frank is set for April 16th, the day preceding that on which the execution is to take place.

GOVERNOR DUNNE COMMUTES SENTENCES OF THREE PRISONERS

SPRINGFIELD, Ills., April 3.—Because of work on the roads, Governor Dunne today on the recommendation of the state board of pardons commuted to expire on April 24th, the sentence of John Murphy, convicted Feb. 1908, in the criminal court of Cook county of murder and sentenced to fourteen years.

For the same reason the governor commuted to expire on April 24th the sentence of Howard Birrell, who was convicted at the September term, 1911, of the Rock Island county circuit court of the confidence game and given an indeterminate sentence.

Because he is in ill health and his three children are being supported by charity, Governor Dunne commuted to expire tomorrow the sentence of Frank O'Leary, convicted at the April term, 1912 of the municipal court of Chicago of petit larceny and sentenced to one year in the house of correction.

ROBERT HIGGINS DECIDES TO PLEAD GUILTY TO MURDER

GALESBURG, Ills., April 3.—Robert Higgins, charged with killing his wife so that he could marry his step-daughter, Julia Flake, has decided to plead guilty. State's Attorney John M. Wilson announced today. Higgins has asserted heretofore he would oppose the charge, although the authorities claimed to hold his confession supposed to have been made the day of the arrest.

Julia Flake, the 15 year old step-daughter, may escape prosecution, although the state's attorney would not say positively she would be exempted.

The Mercer county grand jury which will consider the murder case will meet next Monday.

CITED TO APPEAR BEFORE COMMISSION.

New Haven, Conn., April 3.—Charles S. Mellen, former president of the New York, New Haven & Hartford railroad was today served with a subpoena by United States marshal Hawley citing him to appear before the inter-state commerce committee at Washington on April 10th, to testify concerning finances of the New Haven road. Sirbancos were also served on Harry V. Whipple and Samuel Hemingway, presidents of two local national banks. Edward E. Field, treasurer of a large department store and Samuel Morehouse, a prominent lawyer.

A denial of all stories that Torreon had fallen.

Lind Changes His Plans.

Vera Cruz, April 3.—John Lind, President Wilson's personal representative in Mexico today changed the plans for his departure for the United States. He now expects to leave here next Monday on board the American presidential yacht Mayflower for New Orleans. Norman Lind and Mr. Lind's private secretary, Mrs. McEachern, will remain in Vera Cruz.

FEAR FOR SAFETY OF SOUTHERN CROSS GROWS

SEVERAL OF THE 112 RESCUED MAY HAVE DIED FROM EXPOSURE

New Foundland Government Asks Revenue Cutter Seneca to Search for Missing Sealer—Rescue Ship Bellavente Will Reach Port This Morning.

St. John's, N. F., April 3.—As the hours went by tonight without word from the sealing steamer Southern Cross, fear grew that her crew of 170 men had been added to the toll of Tuesday's blizzard in which 77 members of the crew of the sealer New Foundland lost their lives. There is a possibility that several of the 112 who were rescued would succumb to the effects of the 48 hours exposure.

Arrangements were made tonight for the reception of the rescue ship Bellavente which is expected to arrive tomorrow, bringing most of the dead and many of the survivors.

In an effort to solve the mystery of the disappearance of the Southern Cross, the New Foundland government asked the government revenue cutter Seneca to leave the ice patrol and search for the missing sealer. The coastal steamer Kyle, which has a wireless equipment was fitted out here for a cruise along the southeastern coast off which the Southern Cross was last seen on Tuesday morning a few hours before the three days' blizzard set in.

Although the vessels of the so-called wooden walled sealing fleet of which the Southern Cross was one have bucked ice fields with impunity and are regarded as staunch ships, seal sealers say that her cargo of 17,000 seal pelts would be an active danger during a storm on account of its instability.

The minister of marine and fisheries, Mr. Hicott, announced tonight that he would go on the steamer Kyle to direct her work and that he would make a thorough search from Cape Race to the Canadian coast for the Southern Cross.

King George and Queen Mary sent a message today expressing their deep sympathy with the families of the dead fishermen.

A wireless from the Bellavente at midnight said she would probably reach here about 5 o'clock tomorrow morning. She reported that she had thirty New Foundland survivors on board requiring immediate hospital attention.

EXPECT SETTLEMENT OF LONG STANDING CONTROVERSY SOON

WASHINGTON, April 3.—Information coming from Bogota today indicated that an agreement virtually has been reached upon terms for a final settlement of the long standing and bitter controversy between the United States and Colombia over the separation of Panama. It is said that only minor details remained to be argued between American Minister Thompson and the Colombian government and the agreement may be reached in about three weeks.

The attitude of President Wilson on Panama canal tolls is said to have aided materially in hastening the negotiations between the governments to an amicable conclusion.

Colombia, according to today's reports, has abandoned the demand that merchant vessels of that country be allowed to pass through the canal free only on an equal footing with American coast-wise vessels under the existing law. (President Wilson's request for repeal of the exemption clause of the law and the passage of a repeal bill by the house are said to have satisfied the Colombian officials that ground for their demand practically had been eliminated.

CRUISER CAPTURED BY DEWEY WILL RE-ENTER THE SEA SERVICE

ST. LOUIS, April 3.—The Cruiser Isle de Luzon, constituting half of the Missouri Naval reserves, will start down the Mississippi river next Monday to re-enter the sea service. This was announced here tonight by commander Frank H. Schofield, U. S. N., who came to St. Louis to direct the Luzon's trip to New York where the ship is to be overhauled.

The state naval reserve expects two torpedo boats to be sent here in exchange for the Luzon. The cruiser was one of the fleet captured by Admiral Dewey in Manila Bay on May 1st, 1898. It has been used as a training ship here.

FORMER HEAD OF PEORIA SCHOOLS ADMITS RECORDS ARE FAULTY

PEORIA, Ills., April 3.—Newton C. Dougherty, former superintendent of the Peoria schools on trial for forgery today admitted that his records as secretary of the school board do not show that he did not issue more script than was used by the school board.

At the morning session State's Attorney McNemar presented figures purporting to show that for three months in 1888, Dougherty issued in excess of amounts authorized by the school, sums varying from \$66.50 to \$381.50 a month.

MAKES PLEA FOR STUDENTS

Berkeley, Cal., April 3.—In an open letter made public today, Dean Thomas Forsyth Hunt of the agricultural department of the University of California, makes a plea for graduates in agriculture and urges ranchers to give them employment.

MONROE DOCTRINE PRINCIPLE JUST AS MUCH ALIVE AS EVER

That Declaration is Not "Obsolete Shibboleth" is Trend of Discussion at Meeting of American Academy of Political and Social Science.

Philadelphia, April 3.—That the principal of the Monroe Doctrine is just as much alive now as it ever was and that President Monroe's declaration is not an "obsolete shibboleth" was the trend of discussion today at the annual meeting of the American Academy of Political and Social Science which is considering the present international relations and obligations of the United States.

While the speakers with few exceptions were in agreement upon the general principle of the doctrine there were some variations as to its application.

Rear-Admiral Colby M. Chester urged a concert of action among the American republics in a policy "for America for the Americans."

John Barrett, director general of the Pan-American Union, advocated a "Pan-American policy" in which each one of the twenty American countries should have independence as the United States so as to eliminate any sense of fear on the part of Central and South American states as to United States aggression.

A. Maurice Low, a British journalist stationed in the United States said it would be easier to explain the attitude of Europe if Europe knew what Monroe Doctrine really was. He believed that a nation that assumes protection over other states should also assume the responsibility of seeing that these smaller countries carry out their obligations with other nations.

"The Mexican situation, its problems and obligations" were discussed at the night session. Among the speakers were Henry Lane Wilson, former ambassador to Mexico, Representative Frank M. Mondell of Wyoming and Albert B. S. Hart of Harvard. A paper by Robert V. Pesheria, confidential agent of General Carranza in the United States also was read.

ARGUMENTS ON APPLICATION FOR INCREASE TO BEGIN APRIL 27

WASHINGTON, April 3.—Argument on the application of eastern railroads for a five per cent increase in freight rates will begin before the interstate commerce commission April 27th and briefs in the case must be on file one week earlier, April 20th. Chairman Harlan announced this late today upon the conclusion of presentation of testimony by the railroads in support of their application, with a formal statement of the commission's desire to expedite final disposition of the case.

If the commission should decide that existing rates are adequate to the carriers' needs, that will terminate the proceeding. If, however, it should be decided that present revenues of the railroads are not adequate, the second question "if not" what general course may carriers pursue to meet the situation, will be argued, perhaps at a later time.

DUNNE APPOINTS MINE INVESTIGATING COMMISSION

SPRINGFIELD, Ill., April 3.—Governor Dunne today appointed the following as members of the mining investigating commission of Illinois: B. L. Russell, Princeton; Jacob G. Grossberg, Chicago; Dr. H. H. Stock, Urbana, citizens.

Thomas Davis, Kewanee; Robert A. Locke, Johnson City; William Welch, Pawnee, practical miners.

Thomas Jeremiah, Williams; W. D. Obcamp, Lincoln; Rice Miller, Hillsboro, mine owners.

Thomas Walsh, Chicago, was today appointed deputy state factory inspector to succeed Charles E. Noak, Chicago, resigned.

MAY HAVE BEEN MURDERED.

Vancouver, B. C., April 3.—The disappearance and probable murder of Mrs. Charles J. Millard, wife of the chief ticket agent of the Canadian Pacific railroad system here was admitted today by the police, after twenty four hours fruitless search for her.

The seventeen year old Chinese servant of the Millards is under arrest.

MISSIONARIES FLEE.

Peking, April 3.—All the missionaries in the vicinity of Sian-Fu province of Shensi, have been ordered to take refuge in Sian Fu as the brigands have invaded the nearby plains and now are within twenty miles of the city.

THE WEATHER

WASHINGTON, April 3.—For Illinois: Fair Saturday; Sunday partly cloudy and warmer, light variable winds.

Temperatures.
The current, maximum and minimum temperatures recorded Friday were:

	Current.	High.	Low.
Jacksonville	42	53	34
Boston	34	44	32
Buffalo	28	30	26
New York	32	46	38
New Orleans	68	74	58
Chicago	32	37	33
Detroit	34	38	30
Omaha	34	36	30
St. Paul	34	34	28
Helena	50	50	34
San Francisco	60	68	54
Winnipeg	28	32	20

DISPENSE WITH WORK OF SCALE COMMITTEE

ILLINOIS MINERS VOTE TO HAVE CONVENTION CONSIDER MATTER

Operators Agree to Meet in Joint Session to Thresh Out Disputed Points—May Be Three Weeks Before Agreement is Reached.

Peoria, Ill., April 3.—The Illinois miners in convention here today decided to dispense with the work of the scale committee during the present controversy which the operators and voted to have the entire convention confer with the operators and open negotiations for a settlement of the wage scale. The operators were invited and agreed to meet in joint session to thresh out the disputed points.

Leaders of the opposing factions stated tonight it would possibly be three weeks before an agreement was reached. Five hundred men are members of joint conferences. The miners throughout the state have been ordered by Secretary McDonald to remain at work wherever employment is offered.

Secretary McDonald of the miners discussed the demands and explained matters from the miners' point of view. The mine operators spent the day listening to the miners' side of the case and will tomorrow present a counter petition. This petition, it is stated, will contain slight changes in the working conditions which will materially decrease the cost of producing coal.

The storm which has been brewing the past few days over the miners demanding that the operators furnish a bond to secure wages, has apparently been disposed of without official action, as the operators declared from the start that a proposition of that kind would not be given any consideration.

The joint conference will meet again tomorrow morning.

Twelve Hundred Men Idle.

Citaw, Ill., April 3.—Twelve hundred men are idle as the result of the closing down of coal mines at LaSalle, Peru, Oglesby, Jonesville and Cedar Point. The shutdown was caused by an overstocked market brought about by big consumers, who fearing a strike had stored away thousands of tons of coal.

Adjust Minor Questions.

Des Moines, Iowa, April 3.—Minor questions affecting Sub District No. 1 of the District 13 of the United Mine Workers of America were satisfactorily adjusted today at the joint wage conference. The old scale and rules were adopted without change. Consideration of the contract for sub-district No. 2 is now under way. The real problems of the conference will not be touched upon until next week, it was said.

Organize Scale Committee.

Terre Haute, Ind., April 3.—Organization of the scale committee of District No. 11 of the United Mine Workers of America was perfected at a meeting here today. Resolutions regarding the proposed new scale were considered but what action was taken by the committee was not made public. The next and last session of the committee will be held here Sunday.

W. A. ORR OF SPRINGFIELD TO BE THE PROGRESSIVE CANDIDATE

SPRINGFIELD, Ill., April 3.—There having been a number of Progressives receiving one vote each in the recent special judicial primary in this district the state canvassing board today decided by lot that W. A. Orr of Springfield should be the Progressive candidate. Norman L. Jones, Greene county, is the Democrat and C. S. Andrus, Springfield, the Republican candidate. The district embraces the counties of Sangamon, Macoupin, Morgan, Jersey, Greene and Scott.</

Plated ware
that will wear
for every day use

For every day usage you of course desire plated ware. You will find in our store only the best grades of plated ware—the durable, long-wearing kind. You can choose from a very large and beautiful assortment of patterns priced remarkably low. 6 heavily plated knives and forks. Hollow handle, swaged blade, any design \$5 to \$12. 6 teaspoons, triple plated, any design, \$2 and up.

"ELIJAH" WAS GIVEN SPLENDID RENDITION

MID-WINTER CONCERT OF ILLINOIS COLLEGE CONSERVATORY.

Oratorio by Mendelssohn Heard By Large and Appreciative Audience Under Leadership of Prof. Kritch—Soloists Included Well Known Singers.

The annual mid-winter concert of Illinois college conservatory, which had been deferred from its usual date, took place in State Street church Friday evening. The program for this occasion consisted of the oratorio "Elijah," by Mendelssohn, and was performed by the Illinois college chorus, under the direction of Mr. Kritch, assisted by Mrs. Genevieve Clark Wilson, soprano, Mrs. Julian Hall, contralto, Mr. Clark B. Shipp, tenor, Mr. Robert Hockenull, bass, Miss Marguerite Butler, soprano, Mrs. Truman Carter, contralto, Mr. Edmund Munger, pianist and an orchestra of strings. The oratorio is divided into two parts, a short intermission being allowed between parts one and two. It was listened to with close attention by a large audience, who were evidently deeply impressed by its splendid choruses and melodious and expressive solos.

The work done by the chorus itself was noticeably good—the best they have done in years. The postponement of the concert was apparently justifiable, for there was a sureness of attack and a variety of nounce that must have been acquired by long and painstaking practice. Mr. Kritch has a sure beat and conducts with an evident understanding of the significance of the whole score. The tone quality of this body of singers was remarkably good.

Mrs. Wilson, who sang the difficult soprano parts, showed a thorough mastery of the true artist. One understands why she has been so often engaged to sing in this oratorio with the large clubs in various parts of the country, for she interprets this music with wonderful sympathy and insight. The "Hear ye Israel" was a genuinely thrilling performance. Also the duet with Mr. Hockenull was made touching and dramatic as one seldom hears it. Mrs. Wilson's perfect enunciation is always a delight.

Mrs. Hall is to be commended for her excellent singing in the solos allotted to the contralto. Her voice is well suited to oratorio work, while her phrasing and general interpretation are usually good.

In Mr. Shipp was heard a tenor who is strange to Jacksonville audiences, but it is certainly to be hoped that he will appear again, for he has not only a voice of beautiful quality, but interprets with an authority and sincerity that are rare as well as gratifying. His singing of the two arias, as well as the recitatives, was filled with real religious fervor, and he never lost sight of the true oratorio style, as do so many concert singers.

Jacksonville is already well acquainted with Mr. Hockenull and his command of his singing seems almost superfluous. But he was never heard to better advantage than in the role of Elijah, which he evidently finds most sympathetic, as well as suited to his range and quality of voice. Elijah becomes a living man instead of merely a character out of the Bible, when interpreted in such hands. Every phrase was delivered with poignant feeling, touching a responsive chord of every interested listener. It is a pleasure to note that time makes no change in the freshness and variety of Mr. Hockenull's splendid bass voice.

Miss Marguerite Butler sang the small but important role of the youth with just the right quality of tone, and without straining for effect. Mrs. Carter's lovely contralto added greatly to the beauty of that ever-appearing trio, "Lift Thine Eyes." This was one of the most charming numbers of the evening. The support of the string orchestra was much greater than one might have expected from so small a body of players. The sustained string tone gave just the substance to the accompaniment that it needed. The solos as well as choruses were much enhanced by the well-played violin, viola and cello.

The difficult and not particularly grateful piano part was played by Mr. Munger with his usual sureness and variety of tone.

The soloists, mixed chorus and orchestra follow:

Mrs. Genevieve Clark Wilson, soprano.
Mrs. Julian Hall, contralto.
Mr. Clark B. Shipp, tenor.
Mr. Robert Hockenull, bass.
Mrs. Truman Carter, contralto.
Miss Marguerite Butler, soprano.
Mr. Edmund Munger, pianist.
Sopranos—Edna L. Bracewell, Catherine Capps, Flossie M. Cox, Meta Gruenewald, Virginia E. Gunn, Grace Hoffman, Louise Huddleston, Frances Immenga, Elnor Kimbel, Ruth Miller, Ainslee Moore, Vera Mork, Elizabeth Myers, Elinor Smith, Rebecca Scheibel, Hene Russell, Bessie M. Sorrells, Esther Spoons, Ruth Weiland, Dorothy Worthington, Mabel H. Goltra.

Violas—Sallie Harton, Nathalia R. Jensen.
Cello—Viggo Jensen.

CONDITIONS GROW BETTER IN CITY OF EAST ST. LOUIS

S. W. Baxter, former Jacksonville Citizen is Corporation Counsel There and Had Large Part in Graft Clean Up—Some Progress Facts are Noted.

During the recent cleanup in East St. Louis the city had a lot of unpleasant notoriety because of the rotten political conditions shown to exist. S. W. Baxter, formerly of Jacksonville and now corporation counsel for East St. Louis is given the credit for much of the success of the graft investigation. Mr. Baxter is a brother of Dr. G. E. Baxter.

Many of the citizens of that city have joined in a movement to write to their friends in other cities and ask that something be given publicly showing improvement in East St. Louis. In the St. Louis Republic, a few days since a page was given to exploiting their neighboring city in Illinois and editorial mention was made strongly commending the improvement in conditions made during the present administration.

Mr. Baxter in writing to the Journal about the matter says:

"Owing to the fact that East St. Louis has recently received more than its share of unpleasant notoriety, and in consideration of the further fact that many Jacksonville people are interested financially in East St. Louis, I believe it would be proper for you to use some of this material in the Journal."

"East St. Louis, like most growing and complex cities, has recently been in the throes of municipal house-cleaning. We have had criminal cases against former officials, and civil suits against the same officials' bondsmen. The first criminal case terminated successfully a few days ago, in the conviction of a former treasurer on the charge of withholding funds. During the trial of the case he paid into the city treasury something over \$20,000.00 and we insist that there is more due, and the action will proceed against his bondsmen."

"Of course such matters as these occupy the space in newspapers and crowd out the real important things about a city. A change has come over the municipal affairs in East St. Louis. They are now in good hands, and the funds are properly administered for the public benefit."

Some paragraphs from the Republic article are also given here.

"The most substantial progress in East St. Louis was made during the eight years that Judge Cook was mayor. During that time each of the six enginehouses, also the police station, was built. An outlet sewer costing \$750,000 was constructed. A levee system adequate to protect the city was built inside the large levee system destined to protect the surrounding territory, in addition to the city."

"More miles of streets were improved than during all previous administrations and more sewers constructed. The population doubled and the city enjoyed an era of prosperity."

"It was during the Cook regime that the East St. Louis Commercial Club was organized, a strong business organization, with about 1,000 members, representing all lines of industrial, commercial and professional life."

"Then came the one term of Chas. Lambert, and last spring 'Little John' Chamberlain was elected on a people's ticket. His platform was 'To make East St. Louis a little less like hell and a little more like home.'"

"The young mayor, who also is a member of the Illinois state senate, is an exceedingly busy man these days. He went into office to find the city treasury depleted, grafting operations having destroyed the city's credit. For months the city employees had not been paid. Banks refused to lend money. There was a cleaning up process, which still is going on, and now the banks accommodate the city."

DIRECTS WABASH TO PAY POLLITZ MONEY INVESTED IN OLD BONDS

NEW YORK, April 3.—The state supreme court announced its decision today in the suit brought by James Pollitz in 1906 concerning the legality of a plan proposed by the directors of the Wabash railroad company for exchange of debenture mortgage bonds for new issues of preferred stock, common stock and refunding bonds. Justice Donnelly directed the company to pay Pollitz the money invested by him in the old bonds with interest since 1906 and enjoined it from further exchanging issues, a manner adjudged illegal. The original amount invested by Pollitz was \$21,000.

APPROPRIATE LARGE SUM.
Nashville, Tenn., April 3.—Appropriations for 1915 for Southern Methodist Mission work in China, Japan, Korea, Brazil, Mexico, Cuba and Africa will aggregate \$430,000. This announcement was made today by the board of missions estimate committee.

STOMACH SUFFERERS!

READ THIS
So many stomach sufferers have been benefited by a simple prescription of vegetable oils which cured a Chicago druggist of chronic stomach liver and intestinal trouble of years' standing that we want you surely to try this remedy. It is known as Mayr's Wonderful Stomach Remedy. One dose will convince you. It usually gives wonderful relief within 24 hours—even in the most stubborn cases. Mayr's Wonderful Stomach Remedy is now sold here by Arm-

MINE REVOLT AGAINST SECRET PROCEEDINGS

(Continued from Page One.)

a salmon left along the territory's coast. He said the trap nets used on Alaskan coast were so numerous that the poles looked like forests.

Under the law the decision of the organization committee is not subject to review except by the federal reserve board. This board probably will not be named by President Wilson for several weeks, but in the meantime it is believed those disappointed will bend every effort toward paying the way for changes.

Reaches Summing Stage.
The Panama canal toll exemption controversy has reached the summing stage in the senate pending consideration of the repeal bill and proposed compromises by the committee on inter-oceanic canals next week. Leaders on both sides of the fight continued their activities today, however, preparing for the final clash of the great legislative battle.

Hearings on Ferriss Bill Closed.
Hearings on the Ferriss bill which would open up through a leasing system the mineral resources on the public domain were closed today by the house lands committee which agreed to begin executive consideration of the measure next Tuesday. The bill may be ready to report to the house a week later.

Paper Imports Double.
Imports of paper for use in printing newspapers and books aggregated 237,000,000 pounds in the first five months under the new tariff law, doubling the total for the corresponding period a year ago.

"Honor of United States at Stake."
London, April 3.—The Spectator commenting upon the status of the Panama canal tools repeal bill in the United States congress says in an editorial today:

"The honor of the United States is now at stake before the whole world."

"If the mighty American race in the United States which has the print of Anglo-Saxon character, allows it to be said that the United States does not respect treaties, a crippling blow will have been struck at the heart of all Anglo-Saxon traditions. The values of international relations would be changed and the world would be different."

DON'T TRUST CALOMEL

THOUSANDS EXPERIENCE BAD
AFTER EFFECTS FROM THIS
DANGEROUS DRUG.

A Safe Vegetable Substitute is Dr. Edwards' Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Ohio, has discovered a laxative and liver toner in a combination of vegetable materials mixed with olive oil, which is in effect almost exactly like calomel, except that there are none of the bad after effects.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him, years ago, towards experiments with the view of discovering a substitute, and he has been for several years in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-colored tablet.

The results of 17 years' experience and practice are embodied in the marvelous little tablets.

They are called Dr. Edwards' Olive Tablets. And their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

There is no necessity when you take Dr. Edwards' Olive Tablets, by following them up with nasty, sickening, gripi g salts, or castor oil, as you do after taking calomel. Try them. 10c and 25c per box. The Olive Tablet Company, Columbus, Ohio.

TODAY—TWO BIG FEATURES

MILLER BROS. 101 RANCH PRODUCTION

The Loyalty of a Savage

IN THREE PARTS—Featuring Baby Early, Joe Miller, Elsie Albert. Gigantic, Gripping and Realistic. Thousands of cattle, real Indians and cowboys take part.

The life story of Joe Miller the owner of the world famous ranch bearing his name. A true, realistic, remarkable photo play. In this feature is vividly told the life story of Joe Miller, the owner of one of the largest ranches in the world. It is safe to say that no other man understands the Indians as well as Joe Miller. For a great many years he has lived among them and is counted as their best friend. In his pioneer days he had some hair-raising adventures, a number of which are recorded in this photoplay. Mr. Miller takes a leading part and portrays himself with convincing feeling. His encounter with the wounded Indian is a particularly fine bit of acting and there are dozens of other scenes just as strong.

AN EVENING OF RHYTHM.
The pupils in the musical rhythm classes in the department of expression at the Woman's college will give a "physical evening" Tuesday at 8 o'clock in music hall.

NATIONAL DRAINAGE CONGRESS TO MEET IN SAVANNAH

Nineteen Illinois Citizens Form Committee to Secure Large Delegation From This State.

A special committee of nineteen citizens of Illinois has been appointed to secure a strong delegation from this state to the fourth annual meeting of the National Drainage Congress to be held at Savannah, Ga., April 22 to 25 inclusive. A special train will be run from Chicago to Savannah, to accommodate delegates from Illinois, Wisconsin, Michigan, Minnesota, Iowa and Missouri, committees in the other states working to get strong delegations to join the Illinois group.

The Illinois committee consists of B. F. Affleck, Chicago, sales manager of the Universal Portland Cement Co.; Frank B. Knight, Chicago, manager of the Lidgerwood Manufacturing Co., and member of the board of governors of the drainage organization; W. L. Park, Chicago, vice president of the Illinois Central railroad; C. J. Bear of Monticello, president of the Mississippi Valley Improvement association; Charles H. Cartledge, Chicago, bridge engineer of the Chicago, Burlington & Quincy R. R.; Jacob A. Hamman of Peoria, consulting drainage engineer; B. von Herff, Chicago, manager of the German Kall Works; Charles S. Hill, Chicago, editor of Engineering & Contracting; John H. McGibbons, Chicago, associate manager of the U. S. Fidelity & Guaranty Co.; G. A. McWilliams, Chicago, drainage contractor; Charles T. Mordock, Chicago, manager of the J. G. White Engineering corporation; C. H. Schoonmaker, manager power and mining department of the General Electric Co.; Hon. Egbert A. Smith, attorney, Cairo; Isham Randolph, Chicago, consulting engineer; Howard H. Gross, Chicago, president of the National Soil Fertility league; Lyman E. Cooley, Chicago, chief engineer of the sanitary district; P. M. Smallwood, Weldon, drainage commissioner; H. L. Anderson, Chicago, magazine editor; Dr. William A. Evans, Chicago, member of the Section on Malaria Eradication of the drainage congress; Philip R. Kellar, Chicago, magazine writer and newspaper correspondent.

Chicago is the birthplace of the drainage congress and is the city which will be most benefited by the successful efforts of the organization, as it will be the center of operations to reclaim 75,000,000 acres of swamp and

to provide for flood protection in the Ohio and Mississippi valleys. In addition the state of Illinois is interested because of the existence in its borders of more than 2,000,000 swamp and overflowed acres, whose reclamation would add at least \$50,000,000 to the annual farm products, and greatly increase the business of the state.

The National Drainage congress, as its name implies, is a national organization. It is endeavoring to have passed national legislation that will accomplish the following results:

Prevent an annual loss of hundreds of lives, untold grief and suffering, \$100,000,000 worth of property and the crippling of trade and industry caused by floods.

Prevent the annual death of a thousand women, children and men, and an economic loss of \$150,000,000 caused by malaria which is due to the existence of swamps.

Reclaim 75,000,000 acres of swamp and overflowed lands, and convert them into healthful prosperous farms to provide homes for more Americans than will emigrate to Mexico and Canada in fifty years.

25c buys a good pound of coffee. Claus Tea Co. Try it.

INSTALLING PIPE ORGAN.
W. Day and C. Mezo of the J. Bar Johnson music house, are installing a pipe organ at the Mt. Emory Baptist church. The organ will be ready for use Sunday.

SUNDAY SERVICES AT PISGAH CHURCH.

TOOK TRIP TO FACTORY.
L. F. O'Donnell has returned from a trip to the factory of the "White automobile company" in Cleveland. He went to Chicago where a special train had been chartered by the company to run to Cleveland, where the plant was inspected. There were 52 men in the party and they took breakfast at the Union club, dinner at the factory and supper at the Cleveland Athletic club. Mr. O'Donnell was well pleased with his trip.

25c buys a good pound of coffee. Claus Tea Co. Try it.

DISCUSS LATIN AMERICA.
"Latin America" was the subject of the April meeting of the C. W. B. M., which met at the Christian church Friday afternoon for a literary program and business session. Mrs. Mary Thornberry, president of the society, was leader. The paper by Miss Eleanor Thompson, presented an interesting way facts about Mexico, Cuba, Porto Rico and the Argentine Republic. At the business session, plans were discussed for Easter and the coming Easter bazaar.

NEW NIGHT CLERK.
George Foulk, succeeds William Taylor as night clerk and bookkeeper at the Pacific hotel. He is a brother of that Foulk, a former partner with J. B. Snell of the Pacific and late manager of the Dunlap hotel.

HOLD FINAL EXAMINATIONS.

Sixteen Pupils From Seven Schools Take Test at Litterberry Friday.

Sixteen pupils from seven country schools took their final examination Friday at the Litterberry school, which was conducted by the teachers of the different schools and Prin. Burley Jones of Litterberry. The schools represented were Ebenezer, Jersey College, Brush College, Oakland, Independence, Oak Ridge and Litterberry.

Six weeks ago the central examinations were held and the finals were for those who passed the first test. Those passing the final examination will be given certificates entitling them to take up first year high school work. The papers will be marked by the county superintendent.

Just arrived—Another shipment of extra trousers. Come and make your selection. Breckon & Jenkinson.

RIDGLEY ENCAMPMENT CONFERS DEGREES.

At an enthusiastic meeting Friday evening of Ridgley Encampment No. 9, the following members were given the Patriarchal and Golden Rule degrees: J. H. Shirley, S. W. Carter Jr., Leslie Cox and Charles Goodey. The refreshments were in charge of Herman Weiser, Stanisfield Baldwin and C. H. Birdsall. The occasion was one of great interest.

For your Easter gift select the latest in pendants, lavallieres, brooches, or dainty things in sterling silver, at Russell & Lyon's.

SPEAKERS WILL GO TO SPRINGFIELD.

Jacksonville Men to Speak Tomorrow In Interest of "Drys."

CHURCH MEMBERSHIP AND ITS RELATION TO GOOD CITIZENSHIP

Congregational Brotherhood in April Meeting Hear Discussion by Prof. D. O. Clark on "The Church Bred Man as a Citizen."

The Church Bred Man as a Citizen was the subject of discussion Friday evening at the April meeting of the Brotherhood of the Congregational church. The men convened in the dining room at 6:30 for supper and then listened to an able discussion of the subject by D. O. Clark, professor of history and political science at Illinois college. L. R. Penfield, president of the brotherhood, was chairman and J. P. Lippincott, C. H. Ward and G. L. Merrill were the committee on supper arrangements.

"The importance of this subject can scarcely be overestimated," said Prof. Clark, "as the need for conscientious leadership and efficient citizenship is pressing and it is to the church-bred man, the man of culture and education, to which a large part of the community turns for aid. The good citizen should give active support to the government and do his share toward the enforcement of law. He should assume personal responsibility for civic righteousness and civic progress."

"It is the duty of the church bred man to use his influence that popular government shall prevail. It is his duty to co-operate with the government in furnishing information against law-breakers. Municipal voters' leagues, good government organizations of various kinds and research and executive commissions, all give opportunity for the man of public spirit to labor for the benefit of the commonwealth. Finally, it is the duty of the Christian citizen to properly exercise the right of franchise, to participate in primaries and elections and to vote on the basis of the common good, and not out against graft, bossism and political corruption."

"As an efficient citizen the church bred man is often a failure. He succumbs to the human tendency of observing the letter of the law, rather than the spirit. He regards society as static, losing sight of the fact that the social organism is a dynamic body, in a state of constant flux and change. His natural habit of thought is conservative and he is liable to become blinded to progress in adherence to the established order."

"Is a Christian citizen ever justified in seeking to escape the payment of what he believes to be unjust taxation? Men of integrity and honesty in all other dealings will often dodge taxes and conceal property values. Let the church man see that he observes the law and pays the tax, I should say. If he consider it unjust he may use his influence for the repeal of the law and the inauguration of a better form."

Doughnuts, pies, cookies at Johnson, Hackett & Guthrie's today. Mission Study Circle Congregational church.

TO TRANSFER HEARINGS

Chicago, April 3.—The hearings in the government dissolution suit against the Quaker Oats company will be transferred to New York after the examination closes here next Wednesday according to an announcement today by Charles H. Wilkerson, United States district attorney.

CENTENARY SERVICES WERE LARGELY ATTENDED

Rev. G. W. Flagge Tells Audience of "New Home."—No Preaching Service This Evening—Subjects For Sunday.

A large audience was present at the services held at Centenary M. E. church last night. "The Home" was the subject of Rev. G. W. Flagge's discourse and his text was: Rev. 3:20, "Behold I stand at the door and knock." The speaker referred to Christ's home in Bethlehem, Nazareth, Capernaum, and at the home of Lazarus, being in the latter home during the time of passion week. He said that he was driven out of two of the homes by those who would have killed him and from a third home by the indifference of the people. He would never have left the home of Lazarus if he had remained on earth. Christ comes knocking at our door, seeking his home with us, a privilege he enjoys because of his resurrection.

There will be no preaching service this evening. The topic for Sunday morning will be "The Freedom of the City" and for Sunday evening "Citizenship in the Kingdom."

GO TO CHURCH SUNDAY.
Psalms 122:1, "I was glad when they said unto me, let us go into the house of the Lord."

WILL BUILD HANDSOME HOMES.

Franklin Times.—Two substantial residences that will materially beautify our village will be erected in Franklin the coming summer. Plans are almost finished for the new home of Mr. and Mrs. Newt Woods on their lots in Maple Heights opposite the residences of Mrs. Harlin Roberts and Elmer Beerup.

The Woods mansion will be a nine room two story structure, with upper and lower halls, bath room, pantry, lower toilet, three large porches, basement, heating plant and other features which will make it one of the largest and most comfortable homes in the village. The estimated cost is in the neighborhood of \$6,500. It is their expectation to have it ready for occupancy Sept. 1.

Herman Dahman is also planning to erect a two story seven or eight room home on his farm in the west end. A feature of Mr. Dahman's home will be a mammoth front porch and it will have a bath room on the ground floor, pantry and other conveniences specially desirable in a farm home. The cost will probably run around \$4,500. Work will begin about July 15.

New spring styles in men's clothing at Knoles'.

MR. ROWE BUYS A HUDSON.

William Newman, Jr., has sold to Richard Y. Rowe a Hudson Six-40 for delivery in two weeks. The machine will be a six passenger touring car with black gear and blue body, equipped in the 1914 manner which has made the Hudson the peer of all cars. Mr. Rowe has had practical experience with various cars and the fact that he has finally chosen a Hudson as representing his ideals in car construction is significant.

You will find correct styles and good qualities in clothing at Knoles'.

VEHICLE TAX NOW DUE.

Notice is hereby given that vehicle license is now due and payable at this office. The ordinance requiring the payment of a vehicle tax will be strictly enforced.

R. L. Pyatt, City Clerk.

STATE AUDITOR BRADY QUERIES CIVIL SERVICE COMMISSION

SPRINGFIELD, Ill., April 3.—In a communication addressed today to the state civil service commission, State Auditor James J. Brady wants to know by what authority the commission had certified to him a name for the position of warrant clerk, held for the past six months by John J. Coffey.

Auditor Brady also wants to know what authority the commission has for reducing the salary appropriated for the position by the last legislature. Mr. Brady declares the position is one of such great responsibility that he would feel "no sense of security unless the place was filled by a person in whom he had the greatest dependence, fostered by a personal knowledge and observation."

Under Section II of the civil service act the state auditor claims that the position is specifically exempted.

WOMEN HAVE MAJORITY.

Emporia, Kansas, April 3.—"I believe you have the majority vote of the state and you will be negligent in your duty as voters if you do not help to write a party platform that represents your ideals," declared George Hodges, governor of Kansas in an address to the Kansas Good Citizenship League here tonight. The league was formed last summer to carry on an educational campaign among the 350,000 newly enfranchised women voters of Kansas.

WILL USE BOAT AS TARGET.

Seattle, Wash., April 3.—The Torpedo Boat Davids, now at the Puget Sound navy yard, has outlived its usefulness and will be converted into a target for the big guns on the armored cruisers of the Pacific fleet. The Davids of 154 tons displacement was built just after the Spanish-American war.

ISSUES BANK PERMIT.

Springfield, Ills., April 3.—Auditor of Public Accounts Brady today issued a permit to John H. Rice, Joseph L. Rice and Benjamin S. Price to organize the Citizens' State Bank of Mount Morris at Mount Morris, Ogle county, with \$50,000 capital.

EUREKA COLLEGE GLEE CLUB HEARD IN CONCERT

Program Given Last Evening in Central Christian Church Before Fair Sized Audience.

The Eureka College Glee Club gave a concert last night in Central Christian church which was well attended. The program consisted of solos, club numbers, readings and a one-act musical satire, entitled: "The Bargain Hunters," setting forth the trials and tribulations that women have on bargain days. The scene is laid in the rest room of a large department store, where the women have assembled to rest and complain.

The Eureka club has appeared in Jacksonville before and their coming is always of interest, aside from the music because that Davis W. Martin, son of Mr. and Mrs. T. S. Martin is a member of the organization, being one of the singers of first tenor. The audience showed their appreciation of the efforts of the club by repeated applause.

The program follows:

Winter Song Bullard
Glee Club
Valse Improvisation Raff
Miss Tuller
Reading Ernest Higdon
Old Madrid Storm
Miss Stretch and Glee Club.
(a) As in a Rose Jar Cadman
(b) An Open Secret Woodman
Miss Stretch
The Bargain Hunters—
Arthur A. Penn

A Group of College Glee:
(a) Song of College Days Adams
(b) Dixie Storm
(c) College Chum Adams
Glee Club

The personnel of the club follows:

Director and vocal soloist—Miss Emily Louise Stretch.
Pianist—Miss Alice E. Turner.
Reader—Ernest Higdon.
First tenor—Davis W. Martin.
Lorraine E. Strubinger, Grover C. Huffman.
Second tenor—Ernest Higdon.
Rex E. Hieronymus, Carter C. Wisegarver.
First bass—Edison J. Leeper, Ray H. Higdon, Ralph E. Stringer.
Second bass—Heinrich E. Reichel, William C. Wilson and Leroy F. Sargent.

We guarantee every pound of our coffee. Claus Tea Co.

TRAVELING MEN! ATTENTION!

U. C. T.'s and T. P. A.'s will observe Memorial Sunday April 5th, with services at Trinity church at 10:45. Members of these orders and all other traveling men in city are requested to meet at Pacific and Dunlap at 10:30.

PREACHES AT BAPTIST CHURCH.

Rev. L. H. Williams of Alton will preach both morning and evening at the First Baptist church Sunday.

Families Are Buying "Sunkist" Oranges by the Box or Half-Box

Enjoy the rich, delicious meat and sweet, tangy juice of ruddy, thin-skinned, seedless "Sunkist" oranges.

Have this golden fruit for breakfast, dessert and "between meals." Cleanest of all fruits—never touched

by bare hands. All the pickers and packers of "Sunkist" oranges and lemons wear clean, white cotton gloves.

"Sunkist" oranges are the finest, juiciest oranges in the world. Tree-ripened, fiberless. Not a seed in "Sunkist." Buy them by the box or half-box. That is cheaper than buying by the dozen. They keep for weeks.

Ask for "Sunkist" lemons—so full of juice that they go farther than other lemons. Try "Sunkist" lemonade—hot or cold. Lemons add flavor to fish, meats and salads.

Get Rogers Silver with "Sunkist" Wrappers

Cut the trademarks from "Sunkist" orange and lemon wrappers and send them to us. We offer 27 different premiums, all Rogers A-1 Standard Guaranteed Silverware. Exclusive "Sunkist" design.

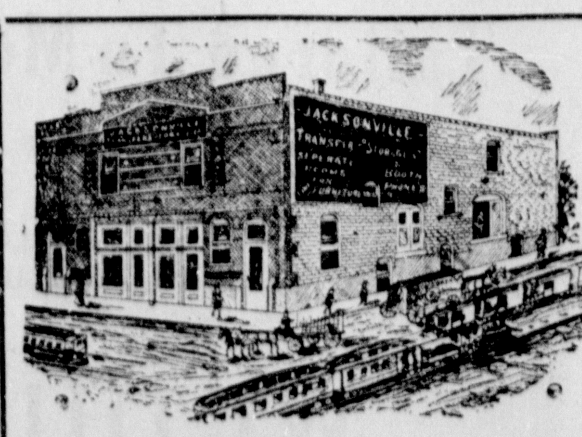

For this orange spoon send 12 "Sunkist" Orange or Lemon Wrappers and 6 two-cent stamps. "Red Ball" orange and lemon wrappers count same as "Sunkist."

Buy "Sunkist" Oranges and Lemons at Your Dealer's

Send your name and full address for free premium sheet and Premium Club Plan. Address all orders for premiums and all inquiries to

THE STATE EDUCATION SURVEY.

The resolution of the State Teachers' association calling for a survey of the public school system of Illinois under the direction of the superintendent of public instruction, the school of education of the university and the colleges and normal schools of the state, has taken a working form. The appointment of an executive committee, consisting of President David Feimley of Normal, Supt. H. S. Magill of Springfield, Prin. Morgan C. Hodge of Chicago, Co. Supt. Charles McIntosh of Monticello, and Dr. Lotus D. Coffman of the University School of Education, and the designation of Mr. Coffman as the director of the survey, gives assurance that what is done will be definite and worth while. Of course, any survey made by the teachers themselves is bound to reflect in the findings something of the professional point of view. The undertaking as outlined is a very ambitious one and cannot be accomplished within a year or two years. A beginning, however, must be made. It looks as if there would be at least \$5,000 available for paying the expenses of the survey. While this is wholly inadequate, it is believed that through the co-operation of all the school people of the state much of the work can be accomplished without a direct draft upon the meager fund. A considerable portion of the collecting of the data can be done through the department of public instruction with practically no cost to the survey committee.

LAYMEN'S SERVICE.

The Laymen of the Christian church of Chapin will have charge of the program Sunday evening and the following will give short addresses:

Montie Funk—"Music in the Church Services."

W. J. Woodward—"Our Bible School."

W. P. McAdams—"Our Mid-week Services."

H. J. Mangrum—"Why Men Should Attend Church."

Wilbur Williams—"Why All Men Should Accept Christ."

H. Woodward—"The Attitude of Christian Men Toward the Liquor Traffic."

Winfield Brownlow—"Is the Christian Life Worth While?"

J. P. Griffin—"Significance of the Communion Service."

J. F. Burnham—"Christianity in Business."

H. C. Anderson—"The Sunshine of the Christian Life."

Dr. P. M. Roberts—"Well Rounded Manhood."

BIDS ARE ASKED.

Bids will be received until 12 o'clock noon Saturday, April 4, 1914, by the city council of the City of Jacksonville for one auto chemical and hose wagon, in accordance with specifications on file in the office of L. H. Engel, commissioner of the department of health and safety, of the City of Jacksonville. The council reserves the right to reject any or all bids. A certified check for one tenth of the amount of each bid must accompany the bid.

R. L. Pratt,
City Clerk.

Dated, March 23, 1914.

FORMER JACKSONVILLE

GIRL IN RECITAL

The last number on the Artists' Course will be the concert to be given by Mrs. Grace Wood Jess Monday evening, April 6 at eight o'clock in Music Hall. She will be assisted by Miss Carol Robinson, a brilliant pianist, who has been most successful in her work. Mrs. Jess needs no introduction to the people of Jacksonville. Her work as an artist has caused most favorable comment wherever she has been heard. Secure your seats early. Tickets may be ordered at the main office at the College. Single admission \$1.

BAD OPERATION AVOIDED

By Timely Use of **Lydia E. Pinkham's Vegetable Compound**.

Mrs. Sowers' Own Statement.

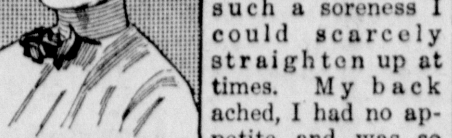

Hodgdon, Maine.—"I feel it a duty I owe to all suffering women to tell what

Lydia E. Pinkham's Vegetable Compound did for me.

One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I was so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

VERMILLION COUNTY SETS PACE FOR ROAD IMPROVEMENT

Proposition to Spend Million and Half for Improving Highways is Meeting With Favor—Seek to Get Paving and Pay Bonds From State Aid Funds.

Over in Vermillion county the people seem to be much in favor of the bond issue of one and a half million dollars to secure permanent hard roads and to secure them quickly. The idea there is that the improved roads can be secured soon in this manner without waiting for the years which would be necessary under the Tice by state aid.

With the proceeds of the bond issue it is proposed to build four roads east and west across the county and two from north and south and one to the southwest through Catlin and Fairmount, a total mileage of roads inside of incorporated town of hard roads already built and the roads inside of incorporated town and cities.

Low Cost Per Acre.

An amendment to the Tice road law is to be introduced at the next session of the legislature permitting the application of state aid for hard roads to be applied towards retiring bond issues voted to build hard roads. Even without this aid the Vermillion county good road advocates have figured it out that their 180 miles of hard roads will cost the farmers and land owners of the county less than 10 cents an acre during the twenty years the bonds are to run. Incorporated towns and villages and the railroads will bear more than half the burden.

Money Wasted in Past.

The decision to attempt to secure favorable action on the million and one-half bond issue for permanent hard roads resulted largely from the discovery that during the last ten years the county has been assessed \$1,400,797.28 for road and bridge work and that aside from the \$52,077.65 of that amount which was expended for bridges the county has little left to show for the expenditure of a sum which would have been almost sufficient to build the roads now proposed. During the same period of years Vermillion county has also spent \$186,122.95 for hard roads and has something to show for the money expended.

The assessed valuation of Vermillion county property, both real and personal, is \$36,382,705. The constitutional tax limit of 75 cents on each \$100 assessed valuation would raise \$272,870.29, while receipts from county offices are figured at \$32,128.71, a total of \$340,999. The approximate general expense of the county is \$150,000. The advocates of the road bond issue figure that the interest on the bonds the first year would be \$75,000 and that a sinking fund of a like amount would retire the bonds in the time specified. The last year the interest would be \$3,750 so that the average annual amount needed to care for the bond issue would be \$114,375. The tax rate for the bond issue would decrease from 42 cents the first year to 32 cents the last year. The average assessed value of farm land in Vermillion county is \$30.63.

WOMEN OF FRANKLIN.

Jas. Kenney, a long time resident of Franklin, has been inspired to join the ranks of the poet, the coming election in Franklin being his theme. Under the caption of "Women of Franklin" he says:

Now dear old Franklin, the time draws near,
The laws has not been known before,
To give to woman her right to command,
That our laws shall be perfect and clear.

The greatest of battles the world ever fought,
Shall I tell you where and when?
On the maps of the world you will find it not.
It was fought by the mothers of men.

No marshalling troops, no bivouac song,
No banners that gleam and wave,
But Oh! 'tis struggles, they last so long,
From babyhood down to the grave.

If she can be trusted to rear her child,
To raise perfect women and men,
Can she not be trusted to make perfect laws?
Yes, we surely believe that she can.

NOTICE.

The deputy assessors will commence work Wednesday, April 15. Have your invoice ready. It will save time and expense to county.

Jerry Cox,
Sup. of Assessments.

RENTS BUILDING ON SQUARE.

E. R. Frost was engaged yesterday in removing his stock of electrical goods from South Main street to the building on the northeast corner of the square owned by the Schlitz Brewing Co. Mr. Frost rented the building the first of the week.

VISITORS FROM ALEXANDER.

Among the visitors in the city yesterday from Alexander were Mrs. Fred Grandjean, Martin Hohmann Sr., Miss Gertrude Ridder, Mrs. W. J. Wood and daughters May and Irene.

WILL NOT INTERFERE.

Washington, April 3.—The clearing house maintained at the Ellis Island immigration station by the principal railroads running into New York for the purpose of facilitating the distribution of immigrants over the country will not interfere with the labor department. Assistant Secretary Post announced this today in reply to an inquiry from the inter-state commerce commission as to whether the agreement between the railroads might be considered illegal.

KNOW YOUR CLOTHIER

When you hire a lawyer you do so because you know he knows. Your doctor for the same reason.

Seldom does a man select his clothier on this same basis. Yet what a satisfaction it must be to know that your clothier knows and gives YOU he full benefit of ALL he knows. It is this disposition which recommends us most to you. Because we have merchandise with a label that stands for none better or even as good.

NOTICE OF EXAMINATION.

An examination for teachers' certificates will be held at my office in the court house on Friday and Saturday April 10th and 11th. Work will begin promptly at 8 o'clock, morning.

H. C. Montgomery,
County Superintendent of Schools.

IF HEADACHY, DIZZY,

BILIOUS,—“CASCARETS”

Your Liver is Full of Bile; Bowels Clogged, Stomach Sour, Tongue Coated, Breath Bad.

Get a 10-cent box now.

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember the most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.—Adv.

Mr. Horse

By WALT MASON.

The good old horse, of sterling worth, has not yet fallen off the earth. I notice

by the public prints that steeds of all the standard tints, strawberry roan, clay-bank and bay, buff cochon, black and dappled gray, bring just as much as horses brought before your motor cars were sprung. (When something new has come to pass some engine driven thing of brass, some cart that eats up gasoline instead of browsing on the green, the prophets say, "This spells the end of Dobbin, man's old trusty friend! This gives the last, the final jolt, to every gelding, mare and colt! The equine tribe might just as well sit quiet while we toll its knell. For traveling, the motor car, than any horse is better far; and when it comes to heavy freight the motor truck can hit the gait; so there's no place on earth, indeed, for any bold-faced sorrel steed." And yet the steeds refuse to creep, heart-broken to the rubbish heap. Their heads and tails are high in air, and they are wanted everywhere. They caper, beautiful and nice, commanding such a gorgeous price bologna makers can't afford to purchase samples from the horde.

Copyright, 1914 by Adams Newspaper Service. *Walt Mason*

"THIS DATE IN HISTORY."

April 4.

1793—Thaddeus Stevens, American statesman, born. Died Aug. 11, 1868.

1838—Screw ship "Sirius," first vessel of the kind to cross the Atlantic, left Cork for New York.

1881—Royal society of Canada founded.

1900—Attempted assassination of the Prince of Wales in Brussels.

1901—White Star liner "Celtic," then the largest ship in the world, launched at Belfast.

"THIS IS MY 40TH BIRTHDAY."

Earl of Derby.

The Earl of Derby, who many believe will be the next prime minister of England, was born in London April 4, 1865, and succeeded his father in the title in 1908. He received a military education, served on the staff of the governor-general of Canada and was private secretary to Lord Roberts during the last Boer war. He entered the house of commons in 1892 and from 1903 to 1905 filled the office of postmaster general. More recently he has become one of the chief Tory leaders and has been conspicuous in his opposition to some of the policies of the present government. His family is one of the most ancient, most historic and wealthiest in England.

Congratulations to—

Congressman Adolph J. Sabath of Illinois, 48 years old today.

J. Frank Hanly, former governor of Indiana, 51 years old today.

Tristram Speaker, center fielder of Boston American league baseball team and said to be the highest salaried ball player, 26 years old today.

NOTICE TO TAXPAYERS.

I wish to call your attention to extracts of the revenue law of this state: Paragraph 177, "All real estate upon which taxes remain due and unpaid, on the 10th day of March, annually shall be deemed delinquent." Paragraph 182: "At any time after the first day of April next after such delinquent taxes become due, the collector shall publish an advertisement giving notice of intended application for judgment for sale of such lands and lots."

W. B. Rogers,
Sheriff and Exofficio Collector.

Nathan Neal of Arcadia was a business caller in Jacksonville yesterday.

TERRIBLE ITCHING OF SKIN TROUBLE

Small Red and Yellow Spots on Leg. Covered with Dry Scale. Had to Walk Floor Nights. Cuticura Soap and Cuticura Ointment Cured.

R. F. D. No. 3, Clarkfield, Minn.—"My

trouble was of long standing. It started

with some small red and yellow spots about

the size of a pin head on my

leg and every morning there

was a dry scale on top cover-

ing the affected part and

when those scales were fall-

ing off the itching was more

than I could stand at times.

The first year I did not

mind it so much as it was

only itching very badly at

times, but the second year it advanced all

around my leg and the itching was terrible.

I had to be very careful to have my clothing

around the affected part very loose. At

night time I often happened to scratch the

sores in my sleep. Then I had to stand up,

get out of bed and walk the floor.

"Then I read the advertisement of Cuti-

curea Soap and Ointment and I wrote for a

sample and got it. To my surprise I was

feeling relief after the second application.

So I got a cake of Cuticura Soap and a fifty-

cent box of Cuticura Ointment and when I

had used them I was nearly over the itching,

so I got another box and that healed it

all up so it looked smooth and fine, but I

kept on with the Cuticura Soap for six weeks

and the cure was complete." (Signed) S. O.

Gordon, Nov. 20, 1912.

Cuticura Soap 25c, and Cuticura Ointment

50c, are sold everywhere. Liberal sample of

each mailed free, with 32-p. skin book. Ad-

dress post-card "Cuticura, Dept. T, Boston."

62—Men who shave and shampoo with Cu-

ticura Soap will find it best for skin and scalp.

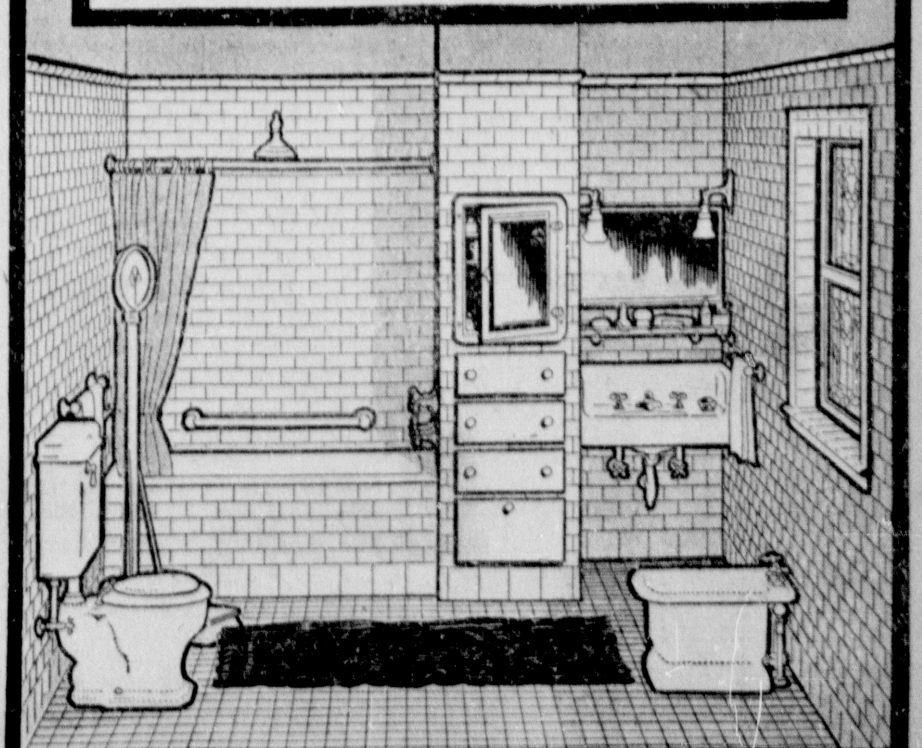

CONSERVATION OF RESOURCES

FOR YOU MEANS MOST VALUE FOR THE MONEY SPENT

A little thinking on your part will convince you how much your resources are conserved by modern plumbing. Life and Health—your dearest possessions, are safeguarded. Happiness—depending on daily comfort and convenience, is increased. Money is itself increased by the higher value of your improved home.

Make certain of these qualities by having "Standard" guaranteed fixtures installed by our modern methods.

LAST TRACES OF BULLISH SPIRIT OOOZE AWAY FROM STOCK MARKET

Trading Drags on in a Spiritless Way With an Under-Current of Heaviness.

New York, April 3.—The last traces of the bullish spirit which propelled the market upward earlier in the week seemed to have oozed away. Trading dragged on in a spiritless way, with an under-current of heaviness. At no time was the list under pronounced pressure although in isolated instances prices gave way sharply.

Weakness of a few stocks held the whole market in check. Missouri Pacific slumped on the announcement that negotiations for acquisition for control of that and other Gould roads by Rockefeller interests had been abandoned.

Wabash four's continued their recent rise for a time advancing 1 1/2 to 5 1/8, a four point gain on the week. Later they sold off to 5 1/2 and closed with only a fractional recovery. Increased cash holdings were indicated by the statistics of known currency movements for the week. Estimate of the cash gain in the bank statement were about \$4,500,000.

New York Money Market
New York, April 3.—Call money steady; 1 1/2 @ 2; ruling rate 1 1/2; closing 1 1/2 @ 1 1/2.
Time loans weak; sixty days 2 1/2 @ 2 1/2; ninety days 2 1/2; six months 3.
Mercantile paper 3 1/2 @ 4.
Sterling exchange steady; sixty days 4.8490; demand 4.8645.
Commercial bills 4.844.
Bar silver 58 1/2.
Mexican dollars 45 1/2.

New York Grain Market
New York, April 3.—Spot firm; No. 2 hard winter 99 1/2 c; No. 2 red 1.04 elevator; No. 2 yellow 1.01 1/2; No. 1 Northern Manitoba 1.02 1/2 fob afloat, opening of navigation. Futures were inactive but steadier on covering due to further talk of greenbugs in the southwest, steady cables and in sympathy with the outside markets, closing 1/2 @ 1/2 net higher. May 1.00 1/2; July 96 1/2; Sept. 94 1/2.
Corn—Spot firm; No. 3 yellow 76 1/2 c; No. 2 yellow 76 1/2 c; No. 1 yellow 76 1/2 c; No. 2 white 76 1/2 c; No. 1 white 76 1/2 c; No. 2 white 76 1/2 c; No. 1 white 76 1/2 c.
Oats—Spot quiet.

Minneapolis Grain Market
Minneapolis, Minn., April 3.—Firm cables and a stronger cash demand strengthened the local wheat market at the opening. Increased strength was noted as the day advanced. Profit-taking shortly before the close caused a sharp decline in prices.
Cash—No. 1 hard 92 1/2 @ 93 1/2; No. 1 Northern 90 1/2 @ 91 1/2; to arrive 90 1/2 @ 91 1/2; choice to arrive 91 1/2; No. 2 Northern 87 1/2 @ 88 1/2; to arrive 89 1/2 @ 90 1/2; No. 3 wheat 86 1/2 @ 87 1/2.

Peoria Grain Market
Peoria, Ill., April 3.—Corn 1/2 @ 1 1/2 higher; No. 2 yellow 66 1/2; No. 4 yellow and No. 4 mixed 66; No. 3 mixed 66 1/2 @ 67 1/2. Oats unchanged; No. 2 white 39 1/2; standard 38 1/2 @ 39; No. 3 white 38 1/2; No. 4 white 37 1/2.

EAST ST. LOUIS MARKET.
National Stock Yards, Ill., April 2.—Blakely-Sanders-Mann Co., says: We had a liberal supply of cattle Tuesday of this week, and the quality of the offerings averaged good. Values declined generally 10 to 15c on steers, but there was very little change on butcher cattle, whether light weight steers or heifers, nor was there any material change on hogs. Since Tuesday receipts

have been very light, and the market has reacted. The beef steers now showing fully as high as they were Monday, with quite a few sales showing 10c higher. The yearling steers and light weight butcher heifers show about 10c higher. Cow market shows advance of 10 to 15c with grades, while the pretty good kinds show about 10 to 15c higher, with the exception of canning and cutter grades which are steady. There has been a very moderate supply of stockers and feeders all week, and as the country demand has been fairly good they have sustained no loss, and trade this week on this class has ruled fully steady but rather quiet.

Hogs receipts today were 7,500, the market active and 5 to 10c higher, with top 8 1/2. Most of the good hogs sold 8 1/2 to 8 3/4; light to good mixed 8 1/2 to 8 3/4; rough packers 8 1/2 to 8 3/4; good weight pigs 8 1/2 to 8 3/4; light pigs 7c to 8c. Look for a pretty fair market the next few days.

The run of sheep has been very light this week, the market active and strong on all fat kinds, and they are selling at good prices.

New York Provision Market

New York, April 3.—Butter—Creamery extras 23 1/2 @ 24 1/2; firsts 23 1/2 @ 24; seconds 21 1/2 @ 22; creamery held extras 23; firsts 21 1/2 @ 22; seconds 18 1/2 @ 19; gross extras 19 1/2 @ 20; ladies current make firsts 18 1/2 @ 19; seconds 17 1/2 @ 18; packing stock current make No. 2 15 @ 15 1/2.

Cheese—Steady, state whole milk held white specials 19; do colored 19 1/2; do white average fancy 18 1/2 @ 19; do colored 18 1/2 @ 19; Wisconsin whole milk daisies, fancy 18 1/2 @ 19; do twins and flats, fancy 18 1/2 @ 19; skims 1 1/2 @ 1 1/2.
Eggs—Firm; fresh gathered extras 21 1/2 @ 22; firsts 19 1/2 @ 20; firsts storage packed 20 1/2 @ 21; seconds 18 1/2 @ 19 1/2.

Coffee—Spot quiet; Rio No. 7, 9c; Santos No. 4 11 1/2; mild dull; Corvaya 12 1/2 @ 13c nominal.

IS OUT OF THE RACE.
Des Moines, Iowa, April 3.—Announcement was received here today that Fred E. White of Sigourney, Democratic candidate for the nomination for United States senator, had declared himself out of the race from his sick bed in an Ottumwa hospital.

CHAUFFEUR IS ACCUSED.
Peabody, Mass., April 3.—Miss Pearl Frost was shot and killed and Walter P. Hill fatally wounded at the home of Mr. Hill today. George LeFay, a chauffeur is under arrest charged with murder.

Nothing so Good for a Cough or Cold.
When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Elida, Ohio, says: "Ever since my daughter Ruth was cured of a severe and long cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cold." For sale by all dealers.

WHEAT BEARS GIVE CONSIDERABLE ATTENTION TO PLENTIFUL RAINS

Profit-taking by Speculative Holders Develops Into More Than an Offset For Stories of Green Bugs in Oklahoma.

Chicago, April 3.—Profit-taking by speculative holders of wheat developed to more than an offset today for stories of green bugs in Oklahoma. Accordingly, the market closed weak at the same as last night to 1/4 @ 1/4 down. Corn finished unchanged to 1/4 @ 1/4 higher. Oats a sixteenth off to 1/4 @ 1/4 up and provisions ranging from mysetray's latest figures to 5 @ 7 1/2 decline.

Bears in wheat gave considerable attention to plentiful rains throughout western Kansas where dryness of the soil has recently caused complaint.

Corn shorts became decidedly nervous today and many of them covered at a share advance which in the end almost disappeared under free selling on the part of leading bulls.

Oats trailed corn but did not show as marked extremes. But traders were mainly bullish. In provisions, the dwindling receipts of hogs furnished only temporary strength. On the bulge, selling pressure increased and the market closed weak.

Chicago Livestock Market HOGS.

Receipts 13,000.

CELEBRATES GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Richard Towers Surprised on Their 50th Wedding Day by Relatives and Friends.

Mr. and Mrs. Richard Towers of 540 South Fayette street, were pleasantly surprised Thursday evening, it being their golden wedding anniversary. Many beautiful presents were received. The guests also brought well filled baskets of refreshments which were served by Mrs. James Ball and Mrs. Van Simms who promoted the surprise.

Mrs. Towers' sister, Mrs. Betty Green, the only living witness of the wedding fifty years ago, was present. Among the other guests were Mrs. Jane Walker, Mrs. J. Burge, Mrs. Mollie Wood, Mrs. Lou Hopper of Missouri, Mrs. Mullenix, Mr. and Mrs. McCauley, Mrs. E. Jackson, Mr. and Mrs. William Towers and sons, Mrs. Farris, Mr. and Mrs. C. E. Pickup, Mrs. S. Griffin and daughter, Miss Kate and Belle Paradise, Miss Mary A. Doolin, William Clegoe of Murrayville, Miss Purvier of Sheffield, Ill., James and Edward Ball, Miss Ida Simms and Lewis Simms, Mr. and Mrs. Joe Towers, whose anniversary is the same day, it being their 26th anniversary. He is a nephew of Mr. Richard Towers.

Mrs. Ira W. Cline who has been spending the winter with her husband who is working on a large dredging machine near Clarksville, Mo., is visiting with home folks in the city.

MISSIONARY SOCIETY MEETS.

Ladies of Murrayville Methodist Church Hold Session at Residence of Mrs. Mary E. Crouse.

One of the most pleasant meetings of the year of the Woman's Foreign Missionary society of the Murrayville Methodist church was held with Mrs. Mary E. Crouse Friday. An all day session was held and at noon the hosts served an excellent dinner.

After dinner the regular program of the society was carried out and the subject for the afternoon was South America and Mexico. Mrs. Margaret Wyatt of Manchester, a former member of the society, was present and gave a well prepared paper on South America, which was heard with deep interest. Mrs. C. T. Daniels acted as leader.

A list of those present follows: Mrs. J. K. Cunningham, Mrs. H. E. Millon, Mrs. J. H. Dial, Mrs. E. B. Irwin, Mrs. E. F. Millon, Mrs. James Israel, Mrs. J. A. Carlson, Mrs. J. E. Osborne, Mrs. William Wade, Mrs. C. T. Daniel, Mrs. Neal, Mrs. Mary E. Kennedy, Mrs. C. S. McCollom, Mrs. C. F. Strang, Mrs. Mary Gunn, Mrs. George Staasfeld, Mrs. Lora Angelo, all of Murrayville; and Mrs. Margaret Wyatt of Manchester.

ALL STARS DEFEAT WHITE SOX.

The Jacksonville All Stars defeated the White Sox in a baseball game Friday by a score of 28 to 12. The batteries were: All Stars—Robert Allen, Earl Carpenter and Howard Johnson. White Sox—Roscoe Smith, Mark Robinson, Glidden Riesch and Lee Tendick.

EFFICIENCY EXPERTS MAKE SCHOOL SURVEY

SUCCESS OF MOVEMENT DEPENDS UPON ATTITUDE OF PEOPLE OF STATE.

Educators Throughout Illinois Will Be Asked to Co-Operate in Movement to Survey Public Schools—Means Much for Future Development of the Schools.

(By Dr. L. D. Coffman, School of Education, University of Illinois.)

The invention and improvement of numerous labor-saving devices, the improved facilities for transportation and communication, and the significant discoveries in numerous fields of scientific research have revolutionized commercial, industrial, and economic conditions in the United States within the last few decades. Efficiency has become the watchword, and efforts are being made to eliminate all possible waste of time, energy and material. The efficiency engineer is the product of modern conditions.

Progressive educators everywhere are interested in any movement or investigation seeking to establish standards of efficiency that may be applied to the schools. Within recent years the school systems of many cities and of a number of states have been carefully examined and their efficiency has been judged by experts. In so far as the equipment, organization, administration, supervision and instruction of the schools can be standardized and the efficiency measured, such investigations when conducted with a genuine desire to learn existing conditions are of real value.

It is a comparatively easy matter to establish standards of excellence for many material objects, and to classify more or less accurately the quality of a given product when compared with a standard product of the same kind. Some phases of organization, equipment, and management can be measured with considerable accuracy when compared with recognized standards. Some of the products of the school cannot be measured as accurately as we wish, but this should not deter us from attempting to establish standards for other school activities and products.

In a number of states the movement to survey the public schools was initiated by people not officially connected with the schools. But in Illinois the survey now being organized, was begun by the school people themselves. That this state might not prove a laggard in educational advancement, a number of men and women, representing every type of public education in the state, met in Springfield in response to a resolution passed by the last State Teachers' Association calling for a state-wide educational survey, and appointed an executive committee consisting of President David Fellmley of normal, Chairman; Superintendent Hugh S. Magill, Jr., Springfield; County Superintendent Chas. McIntosh, Monticello, and Principal Morgan C. Hogge, Chicago. Dr. Lotis D. Coffman of the University of Illinois was made an ex-officio member of the executive committee and director of the survey.

Faith in the possibilities of this survey is founded upon the number of agencies that have expressed a willingness to co-operate in carrying it forward. State Superintendent Francis G. Blair has authorized the committee to collect as much of the information as possible through his office and has offered the assistance of his statistical experts in collating the material. Assistance will be received from the State Teachers' Association and its large sectional organizations, the Chicago Principals' Club, Chicago University, Northwestern University, the normal schools of the state, and the University of Illinois.

The success of the movement now depends upon the attitude of the people of the state toward it. Boards of education, school directors, school superintendents, principals and teachers will be invited to supply information. It is hoped that the spirit of co-operation that has characterized the work thus far will be found in every school district in the state. The director and executive committee feel that the superintendents, principals and teachers should make the survey a matter of professional interest. The time and labor required to answer the questionnaires that are being prepared is insignificant in comparison with the days of drudgery required to collate and interpret the returns. And, in this connection, it should be stated that those who are leading in the work expect no pay for their services. They are devoting their time and energy to it because they believe it affords an unusual opportunity to make a careful inventory of the educational situation and to outline certain policies, based upon the facts for the future developments of the schools of the state.

TRADE RESIDENCE PROPERTY.

By the terms of a deal consummated Friday, William McCullough has traded his residence property at 894 Hardin avenue to Harvey Stubbfield for his residence at 504 Hardin avenue. The trade was even, the consideration in each case being placed at \$2,000, and possession is to be given Monday. The deal was made through Story's exchange.

AGRICULTURAL NOTES.

Value of Cow Testing Associations. The organization of cow testing associations began in Denmark in 1895. Since then it has spread to other countries and in 1905 the first association was formed in America. At present there are several hundred in operation in the United States.

A cow testing association consists of twenty five farmers, who elect their own officers and board of directors and employ a competent dairyman or "cow tester" to do the work, which consists of weighing the milk from each cow in the herd night and morning, taking a sample of it for per cent of butter fat, also weighs and calculates the cost of each cow's feed. These results are used to determine the record for the month. This method of weighing and testing one day each month proves very satisfactory and reduces the labor to a minimum.

The farmer, from his training and experience, is able to assist the farmer in combining the most economical grain ration to use with roughage he may have in order to get the largest net profit per cow.

The cost of running a cow testing association one year will be about \$750, depending upon the wages it will be necessary to pay an experienced tester to do the work and keep the records. Delos L. James, Agricultural Adviser, McHenry County.

Farm Loan Rates.

Considering farm loan rates throughout the United States, those prevailing in Illinois are considerably below the average. Only fifteen states have lower rates, and of these Wisconsin and Ohio are the farthest west. The average for the East North Central states, comprising Illinois, Indiana, Michigan, Ohio and Wisconsin is 6.38 per cent. The lower rates existing in Ohio and Wisconsin are outweighed by the higher rates prevailing in Indiana and Michigan, while Illinois, with a rate of 5.31 per cent, is near the point of balance. The lowest rate for any state west of the Mississippi is that of Iowa (7.21 per cent.). In a general way, the farm loan rate may be said to rise with the altitude, particularly in the northern half of this region. Taking the country as a whole, farm loan notes appear to be higher, the farther west and the farther south a district may be located. The Pacific coast states afford exceptions to this rule. Illinois, being very centrally located, has normal rates. Within the state lines, however, the same influence of position seems to prevail, for the farther south and the farther west a section is located, the higher the loan rate is likely to be.—Charles L. Stewart, University of Illinois, in "Rural Banking Conditions in Illinois."

KERNELS FROM CORN BELT (Sol E. Quizer.)

Finding out a fact for oneself is a sure method, but knowing where someone else has found it out is cheaper. Carrying a ton of water every week ought to make a militant suffragette of any woman. Even the fashions this season have a tendency to back out. Your agent has a lot to say about how fine the land lies. You'll find if he lies or, the land if you're a little bit wise.

MOVEMENT OF MERCHANDISE CONTINUES BELOW NORMAL

More Activity is Shown in the West and South and Business Sentiment is Quite Confident.

New York, April 3.—Dun's Review tomorrow will say: "Current movement of merchandise continues somewhat below normal, particularly in the east; in the west and south there is more activity and business sentiment is quite confident because of the general promising agricultural outlook."

"Failures this week 343 against 271 last year; in Canada 45 against 32."

Bradstreet's Weekly Review. Bradstreet's tomorrow will say: "There is a good deal of irregularity in trade reports. While business in many lines make an acceptable comparison with last year, the nub of complaints now heard is found in the tendency to buy in small lots for immediate uses rather than to make heavy purchases for distant wants."

"Retrenchments by railroads and unsettledness in western bituminous fields invest the labor situation with a less favorable color."

VISITED LIGHT PLANT. The high school class in physics accompanied by their teacher, W. H. P. Huber, made a trip to the plant of the Railway & Light Co., Friday afternoon for observation of the electrical manufacturing machinery. It is the intention of Mr. Huber to take the class on observation tours to other industrial establishments in the city.

Stomach Trouble Cured

Mrs. H. G. Cleveland, Arnold, Pa., writes: "For some time I suffered from stomach trouble. I would have sour stomach and feel bloated after eating. Nothing benefited me until I got Chamberlain's Tablets. After taking two bottles of them I was cured." For sale by all dealers.—Adv.

TRAVELING SCHOOL OF FRUIT GROWING

MOVABLE SCHOOL ORGANIZED IN ILLINOIS ORCHARD REGION

Conducted as an Experiment in Pomological Extension Education, Its Object Was to Instruct Fruit Growers in Profitable Methods of Culture of Orchard Fruits.

(By B. S. Pickett, Assistant-Chief in Pomology, University of Illinois.)

Organization and Objects. During the winter of 1913-14, the division of Pomology of the Department of Horticulture organized a traveling school of fruit growing and operated it during the month of February at four different places in the orchard region of southern Illinois. The school was conducted as an experiment in pomological extension education. Its object was to instruct Illinois fruit growers in

A Lime Sulphur Demonstration to Fruit Growers, by the University of Illinois Movable School.

what the department organization believes to be profitable methods of culture, of the chief orchard fruits of the state, and to place before them the practical results of its investigations in spraying, fertilizing, cultivating and pruning fruit trees.

Equipment and Exercises. The traveling school of fruit growing was provided with some representative nursery trees of various ages and qualities to illustrate good and poor types for planting, three power spray outfits, a large assortment of nozzles and other spray accessories, spray mixing and cooking utensils, melting pots and ingredients for the fertilizers, specimens of fungous diseases, specimens of insects, high power microscopes and microscopic section slides, a dozen different pruning tools, ladders for

ran grading machines, constructed packing tables, and performed all the operations connected with orcharding that could be performed at this season, not merely in a way that showed that they knew how to do it, but so skillfully as to show that they were really accustomed to doing the work themselves. As a matter of fact each of the four instructors carried on the trip. B. S. Pickett, O. S. Watkins, W. A. Ruth, and A. J. Gunderson, has had at least three years' experience in orchard management in addition to his university training.

The Southern Railway rendered the department valuable service by providing three cars for the apparatus and transporting them free of charge, while on their lines. It also did most of the advance advertising of the courses. Mr. F. B. Ayers, traveling representative of the railway remained with the school while it operated at Walnut Hill, Mt. Vernon and Fairfield, and was most obliging in assisting the staff in their work. W. S. Perrine of Centralia, president of the Illinois State Horticultural society, took a keen interest in the work of the school, gave addresses on three occasions,

A Lime Sulphur Demonstration to Fruit Growers, by the University of Illinois Movable School.

and spent several days following the work. Col. J. Mack Tanner of Springfield, and W. A. Drow of Fairfield, also gave substantially of their time, addressing several evening meetings. Dr. S. A. Forbes, state entomologist, co-operated in the kindest manner, supplying one of his ablest men, Dr. J. W. Folsom, as instructor in the classes on orchard insects.

Growers Enthusiastic. The school was interesting in its results. At Walnut Hill the farmers who attended the first day came out of curiosity and frankly declared themselves on the watch for gold brick schemes. At the end of the week they were talking of a co-operative fruit growers' association were placing orders for spray materials, talking of buying a car load

Boys and Girls come to the Movable School.

picking fruits, packing and sorting tables, box and barrel packing apparatus, an apple sizing machine, a stereopticon lantern, large collection of slides and other apparatus.

Classes were conducted daily from 8 a. m., to 4 p. m., and from 7:45 p. m., to 9 p. m. Half of the time was devoted to lectures and the other half to laboratory and demonstrations.

Where Conducted.

The traveling schools of fruit growing were held at Walnut Hill, in Marion county, Feb. 2 to 7; at Mt. Vernon, in Jefferson county, Feb. 9 to 14; at Fairfield in Wayne county, Feb. 16 to 21; and at New Burnside, Feb. 23 to 28. During the week of the Walnut Hill meetings, evening sessions were conducted at Centralia.

This school exhibited several unique features. The students wore no white collars or boiled shirts. There were no sweaters. College frat pins were conspicuous by their absence. Those attending wore rubber boots, overalls and soft shirts. The professors, like the students, appeared in overalls and working garb. They pruned trees, mixed sprays, handled gasoline engines,

of line sulfur together, investigating makes of sprayers, and asking if the Department of Horticulture at the University would establish a demonstration orchard in their vicinity.

While detailed plans for the continuation of the work during the winter of 1914-15 have been completed, it is probable that the Department of Horticulture will again arrange to carry on the work extending it to cover a period of three or four months. If so, the itinerary will depend to a considerable extent, on the ability of interested parties in fruit growing centers to obtain an advance registration. Having now proved that the traveling school of fruit growing is a success the department feels that it cannot afford to send it to places where the attendance is very small and interest lacking. The school is not conducted on a cheap scale, and to obtain it, an advance registration of at least twenty members who will agree to attend with reasonable regularity, should be secured. Correspondence in regard to such a school in 1914-15 should be addressed to the writer at University of Illinois, Urbana, Illinois.

LABOR SAVING DEVICES IN THE FARM HOME

ANOTHER ARTICLE BY MRS. MCKELVEY ON IMPROVING THE HOME.

Vacuum Cleaner, Refrigerator, Kitchen Closet and Cabinet Saves Many Steps and Work for the Housewife—Many Other Things Mentioned to Make Work Lighter.

By Mrs. Frank H. McKelvey, University of Illinois, 1909, Sparta, Ill. (In the Series on Improving the Farm Home.)

The vacuum cleaner is another great labor-saving device. These machines which are operated by power are still very expensive costing about \$300.00 when installed in a medium sized house. The portable handpump sets the machine in motion and a hose is connected between the vacuum pipe and the cleaning tool, the dust being drawn into a receptacle close at hand or in the basement. A room and its furnishings can be cleaned while still in place.

The refrigerator is still an innovation on a large majority of farms. My own hold two hundred pounds of ice, is located in a small closet room by itself and is connected with a drain. The ice is put in from the outside through a small door in the wall. In the winter the inside doors of the ice box are left open, a small window above the box opened and I have a cold pantry. Our meat is wrapped after curing and hung above the ice box from hooks in the ceiling of this same room.

A kitchen closet where work clothes and shoes may be kept and shelves that hold a year's supply of soaps is certainly worthy of consideration.

A kitchen cabinet costing \$25.00 saves steps by having places in it to group together those things most frequently used, such as flour, sugar, salt, spices and utensils.

Do you have your kitchen covered with linoleum? If not you are spending far too much energy in cleaning the floor. The inlaid kinds are best but cost from \$1.00 to \$1.50 per square yard. They out-wear these ordinary oilcloths and look well under worn in holes.

The women on the farms should understand that all conveniences may be had in the farm home as well as in the city unless expense stands in the way. There are conveniences which are expensive, and then there are things which no women should do without. Every progressive woman, who is on the alert for new ideas, welcomes any little device, which will help her to solve her housekeeping problems, or save her time and energy.

If you cannot afford a power laundry or even a washing machine there is a hand suction tool which costs seventy-five cents. We have found that by soaking the clothes over night, then punching with the hand-suction tool and wringing, repunching in very hot water and wringing again, and boiling, that rubbing is unnecessary even for the very dirty pieces.

Instead of an expensive vacuum cleaning outfit there are vacuum sweepers on the market costing from \$6.00 to \$12.00 and they are certainly much easier to use than a carpet-beater and not so hard on the rugs. Of course, the vacuum sweepers are less thorough than the power outfits, but do very good work on rugs and carpets.

Women who have a great deal of bread to bake will find the bread-mixer a great help. All of the ingredients are measured and placed in the mixer, then the handle is turned from three to five minutes. The mixer is covered and the bread allowed to rise. When light the handle is turned to mix and knead it. One need never touch the dough, the bread left ready to make out into loaves. Such a mixer will cost about \$3.25.

In the homes where the housewife is the seamstress a dress form would relieve much of her difficulty. There are a number of makes on the market. My own is known as the "Pneu Form." It is more expensive than many that can be had but has its advantages. It can be used by any member of the family, is light, and collapses into a box no larger than a couple of shoe boxes. A dress form really is a necessity to a woman who does her own fitting and desires to look well. "The Pneu Form" costs \$12.00 but forms can be had as low as \$1.00 for waist and hip fitting in standard sizes.

There is a strong fruit-press and vegetable ricer on sale known as the "Diver," which saves material, time, labor and fuel. It is made of the fine steel and heavily coated with black-tin. It wears well, is sanitary, easily manipulated, and requires little or no care. It is excellent for making purees for soup and for rubbing fruit for butter. The cost is \$3.75.

It has been said that the wasted energy in the average home, if properly utilized, would be sufficient to build houses for all the poor, and to plant and harvest the crops for all the hungry. If you are interested in saving energy in your home, the wheel-tray will be found an important factor. Just think how many steps are taken between the dining-room, pantry and kitchen for just one meal. The tray will be useful for serving at parties, for clearing

the freshening table, for distributing ironed clothes and as a tea table in by the fire-place on a Sunday Eve.

Has an egg-beater supplanted a spoon or fork in your kitchen? Do you still use a chopping bowl or sausage grinder in place of a food grinder that will crush bread, grind meat, make nut butter and chop vegetables? Have you a fireless cooker? They save time and fuel and during the summer help to keep the kitchen much cooler. Do you use dust cloths that hold the dust? They can be bought but can be easily made and are much cheaper. Take squares of cheese-cloth or soft flour sacks and sprinkle with paraffin oil, not too freely, and roll up until evenly distributed over the cloths. The paraffin oil costs 25c per quart and will make dozens of such dusters. The cloths can be washed and re-oiled at any time.

Now the last but by no means the least is a high stool. Get it, sit on it, to iron, to wash dishes and when paring vegetables at the sink. You will find it very convenient too for reaching the high pantry shelves. These stools sell for about \$1.00 each.

Get yourself some if not all of the things that make your work lighter and more interesting. Do not let the prevalent idea, that economy and saving are the same, get hold of you. Every strain if it comes as a result of trying to save, has cost more than it saved. "It is wise economy, whatever it cost, which saves one's nature whole and sweet, one's brain clear and keen, one's body responsive to one's will and one's entire being in perfect tune with the Infinite."

IT HAPPENED IN ILLINOIS.

(Any stories of the early days in Illinois may be sent to Corn-Belter Editor, Urbana, Illinois.)

In the early days corn was "got in" thus: After the land had been plowed it was harrowed and "marked out" both ways. One way with a small 8-inch mold-board plow, and the other by a marker made of 4x4 scantling, having on it four blocks or pegs which would mark three rows at a time. After marking the children were kept from school for a week to "drop" corn, for in those days, the farmer raised not only corn but his own help.

Esmer Township in Livingston county was named by Judge Babcock. It is the first person plural of the Greek verb to be, and, according to popular belief, means "We are the chaps."

Linton Grove Township, Livingston county, early had five school districts. A certain young man wished to teach a particular school and went over to Lexington where lived the dignitary who had the disposal of his desire. Not being as well up in his examination as the law required, the certificate was refused the would-be teacher. After much importunity from the young man, however, the document was at length written, "signed, sealed and delivered" to him. Armed with it he returned to Indian Grove and in triumph presented it to his school trustee, who opened it to read: "This is to certify that Mr.—is qualified to teach a common school in Indian Grove township, and no where else and a—common one at that."

JUSTICE COURTS.

George De Frates was arrested by Constable McCarthy on a warrant sworn out by James Miller charging him with larceny as bailee. Miller alleges that he purchased 50 cents worth of merchandise from De Frates, gave him a \$10 bill in payment and received only 50 cents change. De Frates alleges that the bill was for \$1 instead of \$10. The case was continued in Squire Henderson's court until April 9, at 12 p. m.

Lloyd O'Leary, charged with disturbing the peace, took a charge of venue from Squire Thompson, who that of Justice Thomson. He was fined \$15 and costs, which amounted to about \$30, and in default of the payment of the fine was placed in the county jail.

CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" Best For Tender Stomach, Liver, Bowels—Tastes Delicious.

Look back at your childhood days. Remember the "dose mother insisted on—castor oil, calomel cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it, that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind for serving at parties, for clearing

PUBLIC CONTROL OF WATERS AND SUPPLIES

EARLY LAW BASED ON PROTECTION OF PRIVATE RIGHTS.

Public Interest in Illinois Still Is Less Clearly Recognized Than in Many Other States and Much Less Than in Most Foreign Countries.

By Prof. John A. Fairlie, University of Illinois.

(Abstract of an address to the Illinois Water Supply Association.) The law of water and water rights in the United States has been for the most part regulated by the several states, subject, however, to the power of congress to regulate interstate and foreign commerce (including the control of navigation and navigable streams in the interest of commerce and to a greater control by the United States over waters on public lands and on international boundaries. In Illinois, as in most of the states, the earlier law on the subject was based primarily on the protection of private rights; and indeed in Illinois the public interest was—and in some respects still is—less clearly recognized than in many other states, and much less than in most foreign countries. But public regulation and control has come to be more definitely authorized in later years, both through local and state authorities. This public control has, however, developed in a haphazard and unsystematic manner; it is vested in a variety of public authorities with overlapping and conflicting jurisdictions; while as yet there has been no serious attempt to deal with the subject in a comprehensive manner.

Municipal Powers. Until recent years most of the public control over waters in Illinois has been vested in the local authorities of cities, villages, towns and drainage districts.

Drainage Authorities. The drainage laws of Illinois provide a curious medley of local drainage authorities, subject to effective supervision.

State Authorities. The state board of health which was established in 1877 has made several reports on pollution of Illinois streams.

In recent years the state board of health has co-operated with the state water survey in investigations and reports on municipal water supplies.

Fish and Game Commission. The fish commission, established in 1879, which has been replaced by the game and fish conservation commission in 1913, has authority over fish and fisheries in the waters of the state.

Natural History Laboratory. The state laboratory of natural history, which is located at the state university, as a part of the natural history survey of the state has in recent years concentrated its work on a study of the effect of the pollution of the natural waters of the state upon aquatic biology.

State Water Survey. By an act of 1897, the state water survey was established under the direction of the trustees of the state university, to make a chemical and biological study of water supplies in the state for domestic and manufacturing purposes. By act of 1911, the work of the survey was extended, by authorizing the employment of field agents to inspect water supplies and to make sanitary investigations and analyses of water.

State Geological Survey. The state geological survey established in 1895, has published several bulletins on water supplies in Illinois. Recently it has been charged with making surveys and studies of lands subject to overflow with a view to their reclamation.

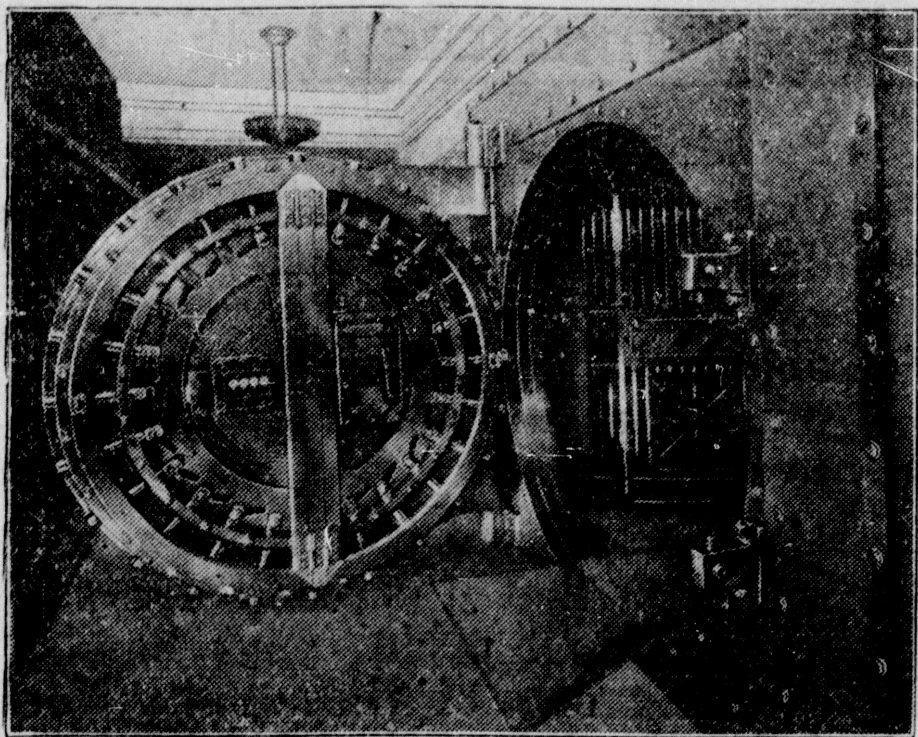

Rivers and Lakes Commissions and Public Utility Commission have certain powers.

Need for Co-ordination. There seems to be a need for better co-ordination of the public authorities having jurisdiction over public waters and water supplies in Illinois. In addition to the local authorities in towns, drainage districts, villages and cities, there are no less than state bureaus having some authority and jurisdiction in relation to water. Each of the state authorities is substantially independent of the others, although there has been active co-operation between several of the state offices. Moreover none of the state bureaus have any effective supervision over the local authorities; and these in turn are legally independent of each other.

Public interest in water problems arises from a number of different factors; and it is by no means certain that all of these can be most effectively organized into one system of administrative organization. But there should at least be some readjustment and simplification of the present confusing medley of distinct and conflicting authorities. To provide for an effective and co-ordination of public control, there is need for a thorough study of the existing laws relating to water problems so as to secure a general revision of such laws, a clearer statement of the powers of each state authority, and their relations to each other and to the local authorities.

Rheumatic Pains Relieved. Why suffer from rheumatism when relief may be had at so small a cost? Mrs. Elmer Hatch, Peru, Ind., writes: "I have been subject to attacks of rheumatism for years. Chamberlain's Liniment always relieves me immediately, and I take pleasure in recommending it to others." 25 and 60 cent bottles. For sale by all dealers.—Adv.

The Ayers Safe Deposit Vault

A Safe Deposit Box is not a luxury, but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

Anxiety about jewelry and silversware not in use is dispelled when they are in a Safe Deposit Vault.

It may be of interest to know that in the construction of the vault there are more than 380,000 pounds of steel and the door itself weighs 14 tons.

To rent a Safe Deposit Box in this vault costs less than one cent a day.

Private rooms for the examination of papers are provided for the convenience of patrons.

Delicate Perfumes

If there is any time in the year when you want a delicate lasting perfume that time is Summer-time. Whether your attire be full dress or negligee, there is nothing that adds a greater charm and suggests refinement more than a good, delicate, lasting perfume. In our Perfume Department are carefully selected odors any of which will please you. You can duplicate the odor of your favorite flower in our perfumes. Ask about Thelma.

ANNOUNCEMENTS.

I hereby announce myself a candidate for Assessor and Treasurer, subject to the Democratic primary, Sept. 9, 1914.

Thomas Irlam.

UNCLE JOE CANNON SAYS PEOPLE ARE LYING TO THEIR STOMACHS

Former Speaker in New York Declares the Country is Uneasy and That People are Telling Themselves Prosperity Reigns When There is Some Doubt About It.

New York, April 3.—Former Speaker Joseph G. Cannon of Illinois is in New York and said today that he is east on business and that when he has accomplished his mission he will depart for Bermuda to rest and look at the pretty flowers, hear the birds sing and think pleasant thoughts. He sniffed a little when asked if he could not think pleasant thoughts in the home country.

"I have strong and fixed ideas," he said, "about everything that is going on and about everything that ought to go on. Nobody needs to be told what the world and what this country is doing. It is all in the papers. It comes from Washington, from Mexico, from across the sea. Let every man consider for himself and reach his own conclusions as I do."

There are many persons, it was suggested to Mr. Cannon, who are rather confused by the complexity of events, and would be glad to straighten out their conclusions with the help of his wisdom and experience. He laughed. "He said, 'It may be as you say,' he said. 'One here, one there, may not know what to make out of it all. But my experience is that we all know what is wrong. We are telling our stomachs that they are well filled, when we know that they are not. In the long run, there is no good in that. The truth is going to come out. Do you New York people feel satisfied and comfortable or are you uneasy. My impression is that you are uneasy. Same thing in Chicago. Same thing everywhere. Farmers in Illinois are getting good prices, but on what?—\$200 an acre farms running on half crops?"

"Now, mind, I am not setting forth my ideas as to the causes of all these things. There are a hundred explanations, and every man is entitled to his own. This whole situation is one that the people must work out for themselves."

BOYS EXCEL GIRL COOKS.

Newport, R. I., April 3.—Two boys out of a class of eight won a biscuit making contest against a class of 16 girls at Rogers high school today. All used baking powder made in the school laboratory. The judges were experienced cooks.

SOCIAL EVENTS.

Misses Anna and Dorothy Weber were given a happy surprise at their home on South Main street, Friday evening. About twenty young folks gathered at the home of Miss Mardell Mc Dougall and went in a body to the Weber residence. An evening of fun was spent, music and games according to announcement for the ours. In the guessing contest the prize was won by Miss Marguerite Corrington. Some delightful refreshments had been secretly prepared by Mrs. Weber and it was a late hour when the guests departed.

A bazaar and cafeteria lunch was held at the Baptist church Friday. The bazaar was in the afternoon and there were three booths, artistically decorated, and well patronized. This department was in charge of Mrs. Gertrude Richardson, chairman; Mrs. O. N. Barr, Mrs. R. C. Henley and those assisting were Mrs. Dennis Schram, Mrs. A. B. Williamson and Mrs. T. O. Hardesty. The candy table was in charge of Mrs. Elizabeth Stebbins and Miss Laura Hayden.

The cafeteria was well patronized and the menu was splendid. The committee in charge consisted of Mrs. Jerry Cox, Mrs. Elizabeth Laurie, Mrs. George Stoldt, Miss Nettie Hayden, Mrs. Joseph Smith, Mrs. Joseph Shreve, Mrs. Alex. Rabjohn, Mrs. Joseph Jackson, Miss Elizabeth Stevenson, Mrs. J. P. Brown is president of the society.

The South Side Circle met Friday afternoon with Mrs. J. J. Reeve at her home on Prospect street. Mrs. J. W. Lane, the leader, took the members on an imaginary trip through Great Britain. Her paper was clearly written and well presented. The hostess served dainty refreshments in keeping with the Easter season and a social hour was enjoyed.

Miss Knopf, head of the art department, of the Woman's college gave a tea in her studio Friday afternoon. She had on exhibition a number of pictures she made last summer while on her vacation.

JOHN CHERRY GETS LARGE PAVING CONTRACT.

Work to the Amount of \$225,000 Will Be Done at Ottawa.

John Cherry has been awarded the contract for laying a large amount of street pavement in Ottawa, to the amount of \$225,000. Mr. Cherry will have a year and a half to complete the contract, which is one of the largest ever let in the state.

DON'T BE MISLED.

Jacksonville Citizens Should Read and Heed This Advice.

Kidney trouble is dangerous and often fatal. Don't experiment with something new and untried.

Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 50 years. Recommended here and everywhere.

A Jacksonville citizen's statement forms convincing proof. It's local testimony it can be investigated.

Mrs. Eva Martin, 902 Hackett avenue, Jacksonville, Ill., says: "I have taken Doan's Kidney Pills for several years and I know them to be a good, reliable remedy. When I have a pain in my back and my kidneys do not act regularly, I get Doan's Kidney Pills at Armstrong's Drug Store. They bring me great relief and I have no hesitation in saying so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

JURY DISAGREES.

Houghton, Mich., April 3.—The jury in the case of John Toth, a copper mine striker being tried at L'Anz on a charge of having attempted to murder Guy Wilkins, a mill clerk, Oct. 6th, 1913, reported a disagreement late today after having been out 28 hours.

INSPECTED TARVIA PAVEMENT LAID IN HANNIBAL

Committee of Property Owners Spent Friday Looking Into Merits of Paving Material New to This Locality—South Main Street Residents to Confer Monday Night.

A committee of Jacksonville citizens went to Hannibal Friday to inspect the Tarvia street pavement which was laid there a year ago. Among those who went were City Engineer Henderson, H. H. Knochenberg, E. E. Wells, W. S. Ehnie, J. I. Graham, F. M. Morton, E. L. Kinney, Street Commissioner Spaulding and Walter Loneragan.

The committee examined the street on which the pavement is laid and found it in very good condition and the various city officials and citizens who were interviewed state that the people there thought well of the paving material. The pavement is laid on a five inch concrete foundation, covered with two and a half inches of the Tarvia as a surface. The material is being considered for the surfacing of South Main street and while this job would be entirely different from that which the Jacksonville men inspected, the material has been used in a number of other cities for surfacing purposes.

Mr. Loneragan, an agent for the company, has looked over the South Main street pavement and is certain that the material would be very satisfactory for use there. Tarvia is a material protected by patent which includes tar and a number of other products in its composition. It is poured over crushed rock or other surface material and then is covered with very fine ground rock which is later rolled in. The surface therefore is not perfectly smooth, but is considered just rough enough for making a firm footing for horses and to prevent skidding of automobiles. One advantage claimed for the material is that for repair work experts are not required and that no elaborate machinery is necessary. It is claimed for it, too, that the large amount of care which asphalt requires is not necessary for Tarvia. With asphalt unless the surface is kept clean from manure and other foreign substances, disintegration takes place and the pavement is sooner or later full of depressions.

Most Jacksonville people who have investigated the subject of resurfacing worn brick pavements with asphalt have decided that it is not satisfactory as many cities which have experimented with this kind of paving have given testimony against it. A number of South Main street residents will meet Monday night to talk over the matter of resurfacing their street and it is likely at that time that a report will be made on Tarvia and other materials and that some general agreement will be reached as to the kind of materials to be recommended. Mr. Kinney and Mr. Graham were the only Prairie street residents able to make the trip yesterday, but they will probably talk to other residents of the street and some further investigation may be made of the material before any petition is filed with the board of local improvement. Judging from the interest there is just now in paving there may be a good deal of work done in Jacksonville this year.

Passavant hospital benefit concert to be given by Mrs. Helen Brown Read, Grand Opera House, April 20, 1914. Tickets on sale at Farrell's Bank.

MAY ATTEND CEREMONIAL IN SPRINGFIELD.

Jay Rodgers, an officer of Ilderim Temple, D. O. K. K., has received an invitation for members of the temple to attend the ceremonial session to be given by Edina Temple of Springfield next Wednesday, April 8th. Elaborate preparations are in progress and a large class will be received into the order. Already a number of Ilderim Temple members have signified their intention to accept the invitation.

GO TO CHURCH SUNDAY.

Psalm 122:1, "I was glad when they said unto me, let us go into the house of the Lord."

THE SPRINGFIELD WAY.

Springfield News: Road commissioners of every township in Sangamon county today began the work of planning for the observance of Hard Roads day on April 15. In an effort to stir up enthusiasm for the day, prizes will be offered in a number of townships for the longest and best graded stretches of road.

E. H. White, county superintendent of highways, is in general charge of the plans and will hold a number of conferences with the township commissioners to provide for a unified system of road working. Indications point to a great interest in the work and it is believed that a majority of the roads in the county will be worked on Good Roads day.

Merchants of many of the townships are planning to offer prizes for the longest stretch of road worked. Superintendent White announced today. Several of the townships will also offer cash prizes.

ATTENTION ELKS.

Special meeting this evening, April 4, 1914. All officers and members requested to be present. Initiation.

LEW H. PRATT, Secretary.

AN OLD ACQUAINTANCE.

A long time citizen talking about "Pyatt's Indian" said: "Four years ago we had a convention here and one of the delegates who came to the city after forty years' absence, said that the only familiar thing about the whole city was that Indian."

MORTUARY

Buland.
H. M. Buland, athletic coach at the Jacksonville high school, was called from the city Thursday evening by the death of his father, Lawrence M. Buland of Fenton, Mich. Mr. Buland had been in ill health for two months or more and was 71 years of age. Interment will be made in Ypsilanti, Mich., where he at one time resided. Mr. Buland was a member of the Masonic and Odd Fellow fraternities.
Mr. Buland had a notable record in the civil war and was at one time prominent in the public life of the state of Washington, where he went to reside shortly after the conclusion of peace. He was born and reared in New York state and enlisted in the 11th New York volunteers, a regiment which saw some of the most severe fighting of the great conflict. Mr. Buland was one of the twenty-five men of his company who survived the deadly charge of Pickett at Gettysburg. He was present also at the Battle of the Wilderness; was in the army until peace was declared. He then went west, settling in Tacoma. He was sheriff of his county two years and served a term in the Washington legislature.
Besides Mr. Buland of this city, the deceased leaves three sisters: Mrs. A. M. Seymour of Detroit; Mrs. John Monnebeck of Detroit and Mrs. A. Corey of Spokane, Wash.

RICHARD D.E.Y.

candidate for road commissioner District No. 7.

ADDRESS ON FENCE BUILDING.

Today at 3 p. m. H. H. Richardson of Missouri will talk on the proper way of putting up wire fence at Hall Bros' implement house, South Main street. All those interested are invited to be present.

TWO CHAMPIONS BEATEN.

Chicago, April 3.—Two champions were beaten tonight in the semifinals of the national wrestling tournament of the Amateur Athletic Union. In the light-heavy weight division N. G. Pendleton of the New York A. C. was defeated by E. C. Caddock of Chicago in seven minutes and fifteen seconds. Caddock is only a beginner and never before competed in a tournament.
In the welterweight class C. Johnson, also of the New York A. C., was defeated by A. Putkonen of Chicago in eight minutes and thirty-one seconds.
In the bantam weight class Richard Goudie of the Lima, Ohio, Y. M. C. A., the Central A. A. U. champion, defeated H. D. Strong of the University of Illinois in ten minutes. Goudie also tried for honors in the 115 pound class, but was bested by John Vorres of Chicago in 12:50.

BEREA CHURCH AID SOCIETY GATHERS FOR ANNUAL MEETING

Forty-four Members and Friends Pleasantly Entertained at Home of Mrs. W. W. Robertson—Society Is Nine Years Old.

The annual meeting of the Ladies' Aid society of Berea church was held Thursday, April 2, at the home of Mrs. W. W. Robertson with forty-four members and friends of the organization in attendance. Mrs. Harrison Robinson, the president, called the meeting to order and after scripture reading and prayer, officers for the ensuing six months were elected as follows:

President—Mrs. C. H. Swain.
Vice president—Mrs. D. N. Harris.
Secretary—Miss Mina Hymes.
Assistant secretary—Miss Lorain Deweese.
Treasurer—Mrs. W. W. Robertson.

The meeting was a very successful one and a pleasant time was enjoyed socially. The proceeds from the dinner were \$12.25. Those present from a distance were Mrs. A. C. Foster of Lincoln, and Mrs. John Martin, with her daughter, Miss Mae, of Litchfield.

A Creditable Record.
The annual meeting of Thursday was held two days after the ninth anniversary of the society's founding. The Ladies' Aid of Berea church is a prosperous organization and the members are to be congratulated upon the completion of a nine years' record so creditably.

The society was organized at Berea church March 30, 1905. The officers elected at this meeting were Mrs. Rinda Harris, president; Miss Mina Hymes, vice president; Mrs. Felix Sims, treasurer, and Miss Clair Stockton, secretary. The first meeting was likewise at the home of Mrs. W. W. Robertson, April 6, 1905, and the first Thursday of each month was selected as the time of regular gathering. Those present at the organization of the aid society were Mrs. C. E. French, Mrs. W. W. Robertson, Mrs. L. E. Bingham, Miss Mina Hymes, Miss Clair Stockton, Mrs. Tene Strawn and Miss Velma Emerick.

Easter is not far distant and will demand new neckwear. Entire new line at Knoles'.

REED REFUSES OFFER.

Decatur, Ill., April 3.—George M. Reed, considered to be the "Connie Mack" of minor league baseball, refused to accept the terms of the Decatur baseball team for this coming season and will not be the manager. He had been considered all winter as the manager, but he flatly turned down the offer tonight.

A second baseman will be sought for manager this year.

MATRIMONIAL

Davis-Cato.

Rolland C. Davis and Miss Nora T. Cato, both of this city, were married at the Mt. Emory Baptist church parsonage Wednesday evening by Rev. A. A. Russell. They were attended by John H. Baker of Anderson, Ind., and Miss Marguerite Davis of this city. Mr. and Mrs. Davis left at 6:30 o'clock via the Wabash for Springfield, where they will reside.

Wagner-Oglesby.

Fred Wagner and Miss Birdie Oglesby, both of Jacksonville, were married at the parsonage of the Mt. Emory Baptist church Wednesday evening by the pastor, Rev. A. A. Russell, in the presence of a few friends. They will make their home with the bride's mother, Mrs. Mattie Oglesby on South Church street.

WITH SICK PEOPLE.

Miss Dora Fernandes, who underwent an operation at the Home Sanitarium Tuesday for appendicitis is improving.

Edward Ornellas of South Main street is reported ill.

F. W. Goodwin is among the sick.

Mrs. S. O. Shuff has been quite ill for a number of days at her home on West North street with lagrippe.

GO TO CHURCH SUNDAY.

Psalm 122:1, "I was glad when they said unto me, let us go into the house of the Lord."

ARREST MAN IN CONNECTION WITH KILLING OF WIFE AND CHILDREN

ARKADELPHIA, Ark., April 3.—Elihu Francis, a farmer, was taken into custody late today and will be held pending an investigation of the killing of his wife and three children whose skulls were crushed presumably with an axe and whose bodies burned in a fire that destroyed the building on the Francis farm near Arkadelphia early today.

Francis declares his wife and children were killed and the house set on fire by an unidentified man who escaped. He asserts that when he was awakened the man was in the room wielding an axe. Seizing his youngest child, Francis declares he ran from the house and before he could return the building was in flames.

ANNUAL SPELLING MATCH.

Galena, Ill., April 3.—Frances Sincos and Veta Grand, entrants from rural schools, tied with standings of 100 in the annual Jo Daviess county spelling match here today. Florence Simmons of Stockton was third with 96. In the preliminaries, Florence Simmons and Clyde Beggin of Apple River tied with 94 in the high school section. Thelma Armbruster, East Dubuque, led the graded schools with 99 and Mary Schwindell of Warren stood 96. Frances Sincos, Edna Bray and Veta Grand tied with 97 in the rural school section.

The final match was between these leaders.

PROTEST AGAINST ARRESTS.

San Francisco, Cal., April 3.—Members of the Chinese six companies of San Francisco met here today to act upon a petition signed by hundreds of Chinese merchants of Southern California protesting against alleged unwarranted arrests of Oriental merchants by United States immigration inspectors. It was directed that attorneys representing the Chinese population west of the Rocky Mountains meet in Los Angeles, April 16th to draft a petition to President Wilson protesting against the treatment to which the Chinese have been subjected.

STUDEBAKER THEATRE

SUCCESSORS TO "MOVIES."
Chicago, April 3.—Another large downtown auditorium, the fourth in the last two years, succumbed today to the call of the "movies" with the announcement that early next month the Studebaker Theatre in Michigan avenue would be transformed into a moving picture house. An initial moving picture program has been prepared and after that it is considered probable that the motion plays will be varied with vaudeville performances.

LUTHER DECKER MAKES ESCAPE FROM JAIL

SLEEPS THROUGH DOOR TO FREEDOM FRIDAY AFTERNOON.

Sheriff Rogers is of Opinion That Boy Picked Lock on Cell With Piece of Wire—Men are on Look-out for Youth.

Luther Decker, who has been a prisoner at the Morgan county jail for nearly three weeks awaiting the action of the grand jury on several charges pending against him, escaped from the county prison Friday afternoon. Late last night he had not been captured but Sheriff Rogers is making every effort to locate him and it is thought that his incarceration will be a matter of only a short time.

It is not known at just what time Decker made his escape from prison, but it is thought that he left between the hours of 3 and 5 o'clock in the afternoon. Turnkey Fanning went to the second floor of the jail about 3 o'clock and into the toilet room. It is thought that while he was there Decker picked the lock on his cell in the old part of the jail, with a piece of wire which was found on the floor, and made his escape by going down the stairs and out the door. When he went to the cells to do his work at 5 o'clock Turnkey Fanning missed Decker and at once notified Sheriff Rogers, who was just leaving his office in the court house. Sheriff Rogers immediately sent out word to a number of towns and expects to have the boy back in prison in a short time.

It will be remembered that on Saturday, March 14, at noon Decker and Lloyd "Red" Hare, stole fifteen chickens from the residence of Henry Streuter, at the corner of Oak and North Main streets, he off J. W. Theobald with a gun when he attempted to stop them, won out in a chase by the police and barricaded themselves in a box car attached to an east bound Wabash freight.

Word was sent ahead and the trainmen locked the door of the car in which the boys were riding, and carried them to New Berlin, where the police there captured them after some exciting gun play. The boys were placed in the prison there and two officers were sent from this city to bring them back.

By beating the lock on their cell door with the heel of one of their shoes, the boys escaped from the cell and later from the New Berlin prison by taking the outside door off its hinges, while the marshal there was at supper. They were captured by Sergeant Kiloran on Sunday afternoon, March 15, after stealing a hardcar from the Wabash at Alexander and coming on to this city. The boys waived examination in Squire Dyer's court and were placed under bond in the sum of \$300 each for their appearance before the grand jury, and in default of bond were sent to the county jail.

Decker has twice made his escape from the St. Charles school for boys and knowing the reputation of the two youths, Sheriff Rogers placed them in separate cells so that they would have no opportunity of formulating a plan of escape between them.

Twenty five new spring suits for ladies and misses direct from one of the largest suit manufacturers in New York, which were bought at special prices and enable us to offer these high class garments Friday and Saturday, April 3rd and 4th only, at the very special price of \$12.95—C. J. DEPPE & CO.

RECOMMENDS PARDON.

Indianapolis, Ind., April 3.—William Taylor, a youth serving a twelve year sentence in the state reformatory at Jeffersonville, for highway robbery committed in Terre Haute, four years ago is so unruly that officials have asked that he be pardoned so that they be rid of him. The state board of pardons in its report to Governor Ralston today recommended that Taylor be given his freedom.

MAY BE GRANTED REPRIEVE.

Albany, N. Y., April 3.—Unless Governor Glynn changes his mind between now and April 7th, a reprieve for the four New York gunmen who are under sentence to die in Sing Sing prison during the week beginning April 15th, will be granted that day. If granted the stay of execution will be until after the second trial of Charles Becker, the former New York police lieutenant who with the gunmen was found guilty of the murder of Herman Rosenthal.

GRANTS NEW TRIAL.

New York, April 3.—The appellate division of the supreme court in Brooklyn in a decision today granted a new trial to Antonio Cincotta, who was convicted several years ago of trying to blackmail Enrico Caruso by sending him a letter demanding \$1,000.

JUDGE GRANTS PETITION.

Pana, Ill., April 3.—Judge J. H. Fornoff today granted a petition for a mandamus to compel township clerk Walter A. Lester to place the wet and dry question on the ballots for the election next Tuesday. Lester recently ruled that the dry petition was invalid because of improper signatures. Lester could not be located tonight.

FINISHING RURAL CREDIT BILL.

Washington, April 3.—Finishing touches are being put on the proposed rural credit bill which the administration forces in congress hope to have passed at this session. The indications today were that the measure would be ready for introduction in both houses early next week and its framers expect it to meet little opposition.

We Pride Ourselves Upon Our Boys'

Clothing Department

MONEY

It's MONEY that does the business

Get this one truth firmly fixed in your mind to start with:

The man who pays cash saves more than 20 per cent and gets better goods and service than the man who runs a book.

Prove this for yourself by getting prices from the advertised bargains at the cash store and comparing them with what you have been paying on charged accounts.

Come and start a credit with us and we will loan you the MONEY to pay cash for everything and after you have once established a credit with us you can get MONEY on a moment's notice.

EVERYTHING STRICTLY CONFIDENTIAL

Call, Write or Phone Ill. or Bell 449 and our agent will be pleased to call at your residence and explain our liberal plan.
